**Politics** George Andrew MacLean, Duncan Robert Wood, 2010 A new entry on the Canadian market Politics An Introduction guides students through the basics of political ideologies and institutions before moving on to more complex concepts such as the importance of government the organization of political systems and the role of individuals and groups in society With an emphasis on Canadian content throughout the text also maintains an international scope by using case studies to examine and compare political issues in developed and developing countries around the world Featuring extensive pedagogy and a beautiful full colour design this new text offers students an accessible comprehensive entry into the field of political studies

Comparative Government and Politics John McCormick, Rod Hague, Martin Harrop, 2019-02-08 This revised and updated edition of a core textbook one of the most well established texts in the field of comparative politics offers a comprehensive introduction to the comparison of governments and political systems helping students to understand not just the institutions and political cultures of their own countries but also those of a wide range of democracies and authoritarian regimes from around the world The book opens with an overview of key theories and methods for studying comparative politics and moves on to a study of major institutions and themes such as the state constitutions and courts elections voters interest groups and political economy In addition two common threads run throughout the chapters in this edition the reversal of democracy and declining trust in government ensuring that the book fully accounts for the rapid developments in politics that have taken place across the world in recent times Written by a team of experienced textbook authors and featuring a range of engaging learning features this book is an essential text for undergraduate and postgraduate courses on comparative politics comparative government introduction to politics and introduction to political science New to this Edition New and extended coverage of important topics such as authoritarian states identities ethnicity and political violence A brand new chapter on political economy An engaging new page design in full colour for the first time An enhanced companion website now providing an extensive testbank of questions for lecturers Publishing alongside John McCormick's new book on Cases in Comparative Government and Politics October 2019 which offers more detailed coverage of the cases covered in this text

**Politics: an Introduction** George A. MacLean, Duncan R. Wood, Lori Turnbull, 2026-05-11 Accessible and engaging throughout this introductory text examines politics from a Canadian comparative and international perspective Guiding students through the basics of political ideologies and institutions before moving on to more complex concepts this text covers essential questions regarding politics such as who has power in society and why how might groups participate in political activity how can we distinguish among so many types of political systems how is wealth distributed and why is conflict so prevalent in the world today This newly updated edition includes new coverage of the Russia Ukraine war Covid 19 Brexit Trump's second presidency and the politics of climate change and continues to use current examples and case studies from Canada and around the world

Studying Politics Perry Rand

Dyck,2008-11-12 Studying Politics starts out with a gentle introduction to the subject of politics and political science especially appealing to those who may not have formally encountered this discipline before and then maintains an even presentation of the subject avoiding confusing jargon and continuing to engage the reader throughout Its conceptual comparative approach works outward from Canada to other industrialized developed democracies then to the developing world and finally to the global scene With Studying Politics events that once felt like moving targets will settle easily into their broader context and provide readers with a better understanding of the dynamics that keep our political spectrum fluid and fascinating This text continues to highlight topical and controversial issues in political science from across the four fields Political Thought International Relations Comparative Politics and Canadian Politics including cultural pluralism women s issues globalization political development terrorism regime change and an expanded discussion of Islamic political theory sharia law and the Islamic role in world affairs *Comparative Politics* Joseph L. Klesner,2013-11-16 Shows students of world politics how the methods and concepts of comparative politics can lead them to ask critical questions to better understand the complex world around them This book equips students to make better more informed decisions
