Jonathan Warren

Poncia Vicencio:

Cultures of Development Jonathan Warren, 2016-11-25 The North Atlantic development establishment has had a blemished track record over the past 65 years. In addition to a sizeable portfolio of failure, the few economic success stories in the developing world such as South Korea and China have been achieved by rejecting the advice of Western experts. Despite these realities, debates within mainstream development studies have stagnated around a narrow acultural emphasis on institutions or the size and role of government. *Cultures of Development* uses a contrapuntal comparison of Vietnam and Brazil to show why it is important for development scholars and practitioners to broaden their conceptualization of economies to include the socio-cultural. This smartly written book based on original ethnographic research breathes new life into development studies by bringing cultural studies into conversation with development studies with an emphasis on improving rather than merely critiquing market economies. The applied deployment of critical development studies in interpretive economics results in a number of theoretical advances in both development and area studies demonstrating the economic importance of certain kinds of cultural work carried out by religious leaders, artists, activists, and educators. Most importantly, the reader comes to fully appreciate how economies are embedded within the subjectivities, discourses, symbols, rituals, norms, and values of a given society. This pioneering book revives development practice and policy by offering fresh insights and ideas about how development can be advanced. It will be of special interest to scholars and students of Development Studies, Sociology, Economics, Anthropology, and Area Studies. *Performing the US Latina and Latino Borderlands* Arturo J. Aldama, Chela Sandoval, Peter J. García, 2012-10-09 In this interdisciplinary volume, contributors analyze the expression of Latina/o cultural identity through performance. With music, theater, dance, visual arts, body art, spoken word, performance activism, fashion, and street theater as points of entry, contributors discuss cultural practices and the fashioning of identity in Latino/a communities throughout the US. Examining the areas of crossover between Latin and American cultures gives new meaning to the notion of borderlands. This volume features senior scholars and up-and-coming academics from cultural, visual, and performance studies, folklore, and ethnomusicology. *Poncia Vicencio* Conceição Evaristo, 2007 Fiction. *Latino Latina Studies*. Translated from the Portuguese by Paloma Martínez Cruz. The story of a young Afro-Brazilian woman's journey from the land of her enslaved ancestors to the emptiness of urban life. However, the generations of creativity, violence, and family cannot be so easily left behind as Ponci is heir to a mysterious psychic gift from her grandfather. Does this gift have the power to bring Poncia back from the emotional vacuum and absolute solitude that has overtaken her in the city? Do the elemental forces of earth, air, fire, and water mean anything in the barren urban landscape? A mystical story of family, dreams, and hope by the most talented chronicler of Afro-Brazilian life writing today. **World Literature Today**, 2007

Coming of Age in the Afro-Latin American Novel Bonnie S. Wasserman, 2022 This book is the first study of recent coming-of-age novels from Brazil and the Spanish-speaking Caribbean. I investigate the divide in Afro-Latin American

research that usually favors either Hispanic America or Brazil but not both I argue that contemporary novelists have adapted the coming of age novel to explore central themes in the Afro Latin American experience such as Blackness African religions and folkloric traditions and immigration While there is no firm consensus on the term Blackness scholars typically use the term to describe the social cultural and historical experience of Afro descendants in the diaspora The Afro Latin American bildungsromans examined in this study include a number of religions such as Catholicism Spiritism and syncretic folk religions as well as Santería and Umbanda reflecting the variety of beliefs in Latin America I have found that young people turn to religions and spiritual traditions in time of need Going on a journey as part of one's personal development is one of the central themes of many bildungsroman and this pertains too in Afro Latin American novels Caribbean characters are depicted as immigrating to the United States whereas few Brazilians have enough resources to travel to North America and instead move to larger cities within their own country

Viagens de saber Elder Hosokawa, Keila D. Schwantes, Milton L. Torres, 2021-10-27 O Bildungsroman termo composto de palavras alemãs Bildung que significa forma e Roman romance o gênero que comporta a literatura de forma. Nele protagonistas enfrentam desafios do cotidiano e vivenciam mudanças internas e externas Na caminhada as subjetividades do personagem são evidenciadas e sua maturidade alcançada Da mesma forma a literatura de viagem mostra que o caminho modifica o caminhante Através de novas vivências como o contato com diferentes culturas pessoas e paisagens o viajante não é mais o mesmo Viagens de saber a literatura de viagem e de forma traz o relato ineditado do acadêmico brasileiro Siegfried J Schwantes enquanto imigrante nos Estados Unidos Sua história uma pintura interessante da vida de um estudante aplicado mas também de um jovem com preocupações cotidianas grandes sonhos e sede de aventura Além disso você poderá conferir análises de obras celebradas na literatura de viagem e de forma

Almanaque civil de libre-pensadores, Women and Knowledge in Mesoamerica Paloma Martinez-Cruz, 2017-12-01
Paloma Martinez Cruz argues that the medicine traditions of Mesoamerican women constitute a hemispheric intellectual
lineage that continues to thrive despite the legacy of colonization Martinez Cruz asserts that indigenous and mestiza women
healers are custodians of a knowledge base that remains virtually uncharted The few works looking at the knowledge of
women in Mesoamerica generally examine only the written even academic world accessible only to the most elite segments
of customarily male society These works have consistently excluded the essential repertoire and performed knowledge of
women who think and work in ways other than the textual And while two of the book s chapters critique contemporary novels
Martinez Cruz also calls for the exploration of non textual knowledge transmission In this regard the book s goals and
methods are close to those of performance scholarship and anthropology and these methods reveal Mesoamerican women to
be public intellectuals In *Women and Knowledge in Mesoamerica* fieldwork and ethnography combine to reveal women
healers as models of agency Her multidisciplinary approach allows Martinez Cruz to disrupt Euro based intellectual
hegemony and to make a case for the epistemic authority of Native women Written from a Chicana perspective this study is
learned personal and engaging for anyone who is interested in the wisdom that prevailing analytical cultures have deemed
unintelligible As it turns out those who are unacquainted with the sometimes surprising extent and depth of wisdom of
indigenous women healers simply haven t been looking in the right places outside the texts from which they have been
consistently excluded **Ancestralidade bantu na literatura afro-brasileira** Dejour Dionísio, 2013

Fuel your quest for knowledge with Authored by is thought-provoking masterpiece, **Poncia Vicencio** . This educational ebook, conveniently sized in PDF (Download in PDF: *), is a gateway to personal growth and intellectual stimulation. Immerse yourself in the enriching content curated to cater to every eager mind. Download now and embark on a learning journey that promises to expand your horizons. .
