Permission to Feel Marc Brackett, Ph.D., 2019-09-03 The mental well being of children and adults is shockingly poor Marc Brackett author of Permission to Feel knows why And he knows what we can do We have a crisis on our hands and its victims are our children Marc Brackett is a professor in Yale University's Child Study Center and founding director of the Yale Center for Emotional Intelligence In his 25 years as an emotion scientist he has developed a remarkably effective plan to improve the lives of children and adults a blueprint for understanding our

emotions and using them wisely so that they help rather than hinder our success and well being The core of his approach is a legacy from his childhood from an astute uncle who gave him permission to feel He was the first adult who managed to see Marc listen to him and recognize the suffering bullying and abuse he d endured And that was the beginning of Marc s awareness that what he was going through was temporary He wasn t alone he wasn t stuck on a timeline and he wasn t wrong to feel scared isolated and angry Now best of all he could do something about it In the decades since Marc has led large research teams and raised tens of millions of dollars to investigate the roots of emotional well being His prescription for healthy children and their parents teachers and schools is a system called RULER a high impact and fast effect approach to understanding and mastering emotions that has already transformed the thousands of schools that have adopted it RULER has been proven to reduce stress and burnout improve school climate and enhance academic achievement This book is the culmination of Marc s development of RULER and his way to share the strategies and skills with readers around the world It is tested and it works This book combines rigor science passion and inspiration in equal parts Too many children and adults are suffering they are ashamed of their feelings and emotionally unskilled but they don t have to be Marc Brackett s life mission is to reverse this course and this book can show you how [THE GENIUS BLUEPRINT](#) Friedhelm

Breakthrough Leadership Alan M. Blankstein, Marcus J. Newsome, 2020-08-25 Now is the time for Breakthrough Leadership This book was borne out of urgency We face the consequences of a raging pandemic coupled with an unprecedented call to end racial injustice COVID 19 has exposed longstanding structural inequities while at the same time offering a rare breakthrough opportunity to dismantle inequitable systems that have harmed our most marginalized students for generations Breakthrough Leadership is rooted in moral courage and calls us to act upon a new discovery or epiphany about a fundamental truth that challenges previous beliefs While this book offers examples of schools that were beating the odds pre COVID 19 as well as strategies for changing those odds in the future Breakthrough Leadership also spotlights professionals now leveraging crises like this to shape local and national priorities toward a more equitable and healthy society for our children in order to Create and sustain Equitable Learning Communities ELCs that are grounded in relational trust Establish comprehensive systems to ensure that all students thrive Implement cutting edge principles of effective curriculum instruction and assessment including culturally responsive teaching trauma informed practice and blended learning Meaningfully engage families and community Leadership from the classroom to the board room is needed to advance an agenda of equitable and successful outcomes for our students The facts stakes couldn't be starker Good leadership saves lives both in pandemics and in our profession The critical variable that determines whether or not our schools can respond adequately to the numerous challenges that they and their children face is leadership This book is about the work of such leaders In big cities small towns and rural areas a small number of principals and superintendents are showing that progress can be made when leaders have the resourcefulness and courage to address equity challenges directly The educational leaders profiled in this book have a clear sense of how to systematically build the capacity of teachers and schools to meet the needs of the students they serve I urge other leaders to learn from them so that great schools that serve all children well will be the norm rather than the exception Pedro Noguera With all its devastation COVID 19 also presents the opportunity of the century to transform the public education system that to say the least has become stalled and stagnant in the past 50 years Breakthrough Leadership makes a significant contribution to our next phase which must be one of definable and targeted transformation of equity based learning Michael Fullan *Emotional Intelligence for Kids* Samantha Wiggins, 2012-04-10 Emotional intelligence is the safest most effective mean to live a successful life Therefore as a parent or teacher you always need to be interested in improving emotional intelligence in your child Unfortunately this vital part of every child's education is often ignored by common schooling methods You can start by searching for the emotional intelligence definition but most often than not it won't be the answer you need You first need to understand all the principles behind it and then figure out what is emotional intelligence That is why the author starts by detailing emotions and how

feelings affect our lives constantly This emotional intelligence book aims to supplement the standard education received by your kid or student by raising awareness about various methods and practices These approaches have been developed during the author s experience in the educational system and through thorough research in the field of child and group psychology Emotional Intelligence for Kids is structured in ten chapters which have been designed in such way that they could provide intensive and pertinent emotional intelligence training for your kid These chapters will help parents and teachers in achieving a more unconventional educational method focused on exposing children to activities that encourage the expression of emotions It will teach you how to develop emotional intelligence in your kids while providing a solid emotional intelligence appraisal Social skills contribute substantially to an efficient adaptation and integration in the environment we live in Through interactions with others we achieve individual goals We reach them not only through pure cognitive thought but also through emotions through human relationships that push us forward Without emotions and relationships our lives are meaningless Emotional intelligence in the workplace is also vital for your professional career Thus a child s ability to develop relationships with other children until the age of 6 years and above is often more important than having a high IQ Some kids bloom late and some early their cognitive processes start to kick in at different stages in life Developing Emotional intelligence is something that kids must practice starting kindergarten The process of developing social and emotional skills begins as early as the first years of life which is why the quality of interactions with others is crucial You won t find an emotional intelligence test or an emotional intelligence quiz here but rather a collection of emotional intelligence activities described in detail with clear objectives and instructions These activities will be your homework as a parent or tutor something to work on with your child during his learning It is the best emotional intelligence assessment you can make by practicing these activities with your young ones and guiding their reactions and providing constant feedback to them

Emotional Intelligence for Kids Iam Guru Kid,2019-11-26 Emotional Intelligence for Kids Emotions Toolkit Feelings Self regulation Effective Communication Activity Book How do we raise a happy confident kid and equip him with the skills needed to succeed in school and life Emotional Intelligence is one of the most important social skills a child can learn and starts with awareness of their own feelings so that they can make wise choices and communicate with empathy The EQ activity book takes them on a self discovery journey of feelings emotions and effective communication tools all through fun and engaging activities including Feelings Chart Mood Calendar Bingo Drawing Coloring Gratitude and Positive Affirmations With Iam Guru Kid Emotional Intelligence Activity Book as your supportive guide you ll be able to Boost your child s emotional vocabulary Identify and effectively manage those big emotions Build empathy self and other awareness Start up kit to interpersonal connection and empathic communication Become socially conscious and confident Practice mindfulness gratitude and positive affirmations Download your copy of Emotional Intelligence for Kids by scrolling up and clicking Buy Now With 1 Click button Blueprint ,1991 Emotional Intelligence Training Lulabu Books,2020-05-25 Over 40 exercises

and plays to develop your child's emotional intelligence. If you are looking for ideas to support the emotional side of your child, our activity book is a perfect choice for you. With this book, you will discover several dozen exercises that help develop emotional intelligence in your kid. Except for the description of plays, we also included space for your notes and observations. Do you wonder how you can spend a lovely time with your little one and improve his/her social skills at the same time? This book is full of creative ideas for both of you. No matter if you are new parents, you have more than 1 child, or you are experienced mothers and fathers, emotional intelligence training will help you organize a fantastic teaching time for you and your whole family. Why is emotional intelligence development so crucial in the everyday life of your child? Lots of parents don't know how important it is to develop the emotional intelligence of their children. Awareness of your and other people's emotions and ability to deal with them have a huge impact on life; they let you make positive relations with people, affect dealing with problems, and succeeding in personal and professional life. Lack of these abilities may cause mental problems on every step of life. Emotional intelligence training is the best source of ideas which will teach your kids one of the most essential skills.

Emotional Intelligence Features: 96 pages in total, Convenient 8.5x11 size, 41 plays and exercises for kids and their parents. Additional places for your notes, observations, child's drawings.

Brain-Based Emotional Intelligence (EQ) for Kids! Amita Roy Shah, 2019-09-25

Children will learn 3 secret strategies and play 3 interactive games in this Brain-Based Emotional Intelligence (EQ) Curriculum for kids 8-12 years old. This is a hands-on curriculum with a parent and teacher guide. Children will learn concrete strategies to help them with identifying and regulating their emotions. They will learn how to manage their anxieties, worries, and limiting beliefs. In addition, they learn the importance of having a positive mindset through positive affirmations and talking back to their worries. They will also develop a growth mindset by learning about famous failed successes and learning how to set and achieve their life goals. This program has been piloted with different groups of students through city programs and at an elementary school. Parents and teachers have noticed a significant improvement with children being able to identify and regulate their emotions. This program will empower your children to learn more about their brain and why their minds and bodies react in particular ways during times of conflict or stress. It will also provide them with concrete strategies that they can use to help regulate their emotions. This pack includes:

- Understanding the Brain: Prefrontal Cortex, Amygdala, and Hippocampus
- Understanding an Amygdala Hijack: Mind-Body Connection during an Amygdala Hijack
- Differences between real and perceived threats
- Understanding fight or flight responses in their lives
- Understanding how Anger is a secondary emotion and how to figure out their primary emotion
- Feelings chart with over 200 feeling words, many that kids don't know
- Emotions chart to sort feelings: Positive, Negative

In

between and Emotions I don t Know Weekly Logs to journal feelings and train their prefrontal cortex to step in before an Amygdala Hijack Understanding Mind Bubbles mindfulness related activity The Strategy STOP Conscious vs Subconscious Mind Limiting beliefs Worry Bullies addressing anxiety and worries The Power of Positive Affirmations M C Davidson Anderson Diamond 2006 This curriculum was developed by Dr Amita Roy Shah based on her education and expertise She has an Ed D in Curriculum and Teaching from Teachers College Columbia University She was a former teacher for Los Angeles Unified School District LAUSD She is currently a Professor in the Child and Adolescent Development at San Jose State University
