Grimm Wesen:

Grimm Realities Daniel Farr, Melanie D. Holm, 2023-03-28 Through its six season run television s Grimm used the extraordinary to illuminate the complexity of the ordinary Drawing on the Brothers Grimm folklore the series crafted an enchanted present to illuminate social and ethical challenges facing Western in particular American culture at the beginning of the 21st century This collection of new essays explores Grimm s critique of identity and justice in the modern world contexts of race and ethnicity gender and sexuality environmentalism genre and heroism with a focus on the show s disruptive adaptation of fairy tales and reinterpretation of the police procedural in a fantasy landscape *Grimm's Trailer Full of Secrets* Rhonda V. Wilcox, 2022-01-24 NBC s Grimm is an understudied series full of compelling characters including Monroe the charmingly knowledgeable vegetarian who looks like a werewolf Wu the funny cop who beats his way to the truth Adalind the enjoyably vengeful risk taking witch Trubel the furious young loner accused of insanity Kelly a powerful older warrior woman Nick a compassionate detective Hank Juliette Rosalee and others This book which includes a chapter on each key figure explores the fascinating world of characterization in television The storyline as well as the dialogue acting costumes scenery lighting and music contribute to in depth depictions that evolve over time Grimm s figures confound our perceptions of race age and gender They demonstrate the ability of TV characters to build unforgettable meaningful connections

Gospel Perspectives, Volume 5 David Wenham, 2004-03-29 In their search for the historical Jesus scholars have rightly focused their attention on the evidence of the four canonical gospels but they have often given insufficient attention to the importance of other early Christian writings This volume by an international team of authors writing under the auspices of the Tyndale House Gospels Research Project seeks to shed light on the gospels from outside the gospels It includes essays on Paul s use of the Jesus tradition the evidence of other New Testament writers the Gospel of Thomas the apocryphal gospels the apostolic fathers and on Jewish and classical traditions The essays break new ground in various respects and the volume as a whole which is concluded by Dr Richard Bauckham with an article on the problems and prospects of studying non canonical gospel traditions should prove a significant stimulus to ongoing research in this neglected area

The Brothers Grimm & Their Critics Christa Kamenetsky, 1992 Critics of the Grimms folktales have often imposed narrow patriotic religious moralistic social and pragmatic meanings of their stories sometimes banning them altogether from nurseries and schoolrooms In this study Kamenetsky uses the methodology of the folklorist to place the folktale research of the Grimms within the broader context of their scholarly work in comparative linguistics and literature
