Kant and the Problem of Metaphysics Martin Heidegger, 1962

Heidegger and Kant Krishna Bandyopadhyay, 2005

Heidegger's Interpretation of Kant M. Weatherston, 2002-10-14 Is there any justification for Heidegger's famous violence against Kant's philosophy An independent assessment of the worth of

Heidegger's argument is also made all the more pertinent by the evident misgivings Heidegger had about his interpretation of Kant. We must ask of Heidegger's interpretation of Kant: 1. Is this good Kant? and 2. Is this good Heidegger? KANT AND THE PROBLEM OF METAPHYSICS MARTIN. HEIDEGGER, 2018 *The Question Concerning the Thing* Martin Heidegger, 2018-10-24. The *Question Concerning the Thing* presents a full English translation of a lecture course first delivered by Heidegger at Freiburg University during the Winter Semester of 1935-36, originally published in German as volume 41 of the Gesamtausgabe. The text presents with particular clarity Heidegger's distinctive approach to issues of general philosophical interest. Heidegger shows how a litany of classical metaphysical problems flow from the basic question: what is a thing, revealing the historicity of these problems and thus the ways in which they implicate further issues of cultural significance. He examines issues regarding the history and philosophy of science, philosophy of language and logic that are still debated today. Moreover, the lecture course as a whole is framed by questions regarding the nature of philosophy itself. Along the way, Heidegger provides sensitive and often provocative discussions of historically significant figures, in particular Kant. *Immanuel Kant, Critical Assessments: Kant's Critique of Judgment* Ruth F. Chadwick, Clive Cazeux, 1992.

Transcendentalism Overturned Anna-Teresa Tymieniecka, 2011-04-02. This collection offers a critical assessment of transcendentalism, the understanding of consciousness absolutized as a system of a priori laws of the mind that was advanced by Kant and Husserl. As these studies show, transcendentalism critically informed 20th Century phenomenological investigation into such issues as temporality, historicity, imagination, objectivity, and subjectivity, freedom, ethical judgment, work, praxis. Advances in science have now provoked a questioning of the absolute prerogatives of consciousness. Transcendentalism is challenged by empirical reductionism. And recognition of the role the celestial sphere plays in life on planet earth suggests that a radical shift of philosophy's center of gravity be made away from absolute consciousness and toward the transcendental forces at play in the architectonics of the cosmos. **Kant's Critique of Judgment** Ruth F. Chadwick, 1992. From Kant and Royce to Heidegger Charles M. Sherover, 2003. In this study, Charles M. Sherover argues that there is a single substantial line of development that can be traced from the work of Leibniz through Kant and Royce to Heidegger. Sherover traces a movement from deep within the roots of German idealism through Royce's insights into American pragmatism to the ethical ramifications of Heidegger's existential phenomenology and then provides an analysis of the neglected ethical and political implications of Heidegger's *Being and Time*. The essays lead finally to Sherover's own view of the self as a member of a moral and political community. Charles M. Sherover is Professor Emeritus of philosophy, Hunter College, City University of New York. He is the author of numerous books and articles, including *Heidegger, Kant, and Time and Time Freedom* and *The Common Good*. Gregory R. Johnson is Visiting Assistant Professor at the Pacific School of Religion. **PRAISE FOR THE BOOK** Sherover combines solid and original scholarship with well-argued conclusions of his own, seeking to lead us in the direction of a higher and fuller mode of authentic being in the world. This collection of essays is an excellent
