Phantom Of The Opera Notes For Piano:

Film Music Notes, 1946 *Mozart's Ghosts* Mark Everist, 2013-06-11 Mozart's Ghosts traces the many lives of this great composer that emerged following his early death in 1791 Crossing national boundaries and traversing two hundred years worth of interpretation and reception author Mark Everist investigates how Mozart's past status can be understood as part of today's veneration Everist forges new paths to reach the composer examining a number of ways in which Western culture has absorbed the idea of Mozart how various cultural agents have appropriated deployed and exploited Mozart toward both authoritarian and subversive ends and how the figure of Mozart and his impact illuminate the cultural history of the last two centuries in Europe England and America Modern reverence for the composer is conditioned by earlier responses to his music and Everist argues that such earlier responses are more complex than allowed by a simple reception studies model Closely linking nine case studies in an innovative cultural and theoretical framework the book approaches the developing reputation of the composer from death to the present day along three paths *Phantom of the Opera* deals with stage music *Holy Spirits* addresses the trope of the sacred and *Specters at the Feast* considers the impact of Mozart's music in literature and film *Mozart's Ghosts* adeptly moves the study of Mozart reception away from hagiography and closer to cultural and historical criticism and will be avidly read by Mozart scholars and students of eighteenth century music history as well as literary critics historians of philosophy and aesthetics and cultural historians in general *The Phantom's Opera* Sadie Montgomery, 2007-10-22 Known only as Erik Costanzi to the patrons of the Teatro dell'Opera and immersed in the world of music the Phantom of the Opera believes his demons have been laid to rest When a fire breaks out in the Teatro Erik is thought to have died in the blaze But he wakes without memory and without an identity in the arms of his former lover Lucianna Fiortino Given a chance to keep Erik to herself Lucianna invents a fairy tale past for him She has him take the name of her dead husband not realizing that she thus condemns him to live a fiction that spirals further and further out of control Has Erik lost everything including himself Yet Meg cannot accept that her husband has died She knows that the stranger who watches in the wings and sends her roses must be Erik But someone else watches over both Erik and Meg waiting for another chance at revenge Only the Phantom can save them Book III in the Phoenix of the Opera series *The Phantom's Opera* continues the story begun in *The Phoenix of the Opera* and *Out of the Darkness The Phantom's Journey* **NU Quarter Notes**, 1988 *Arias, Ensembles, & Choruses* John Yaffé, David Daniels, 2011-11-17 Conductors John Yaffé and David Daniels have created a one stop sourcebook for orchestras opera companies conductors and librarians who research and or prepare programs of vocal excerpts such as solos ensembles and choruses for concert performance In this book readers will find detailed information on a vast repertoire of vocal pieces commonly extracted from operas operettas musicals and oratorios more than 1 750 excerpts from 450 parent works Modeled on Daniels *Orchestral Music Arias Ensembles Choruses* includes basic historical details about each parent work as well as extract titles subtitles voice types keys durations locations in the

original work with page numbers in both full scores and piano vocal scores and exact instrumentation It also lists the publishers that make available the orchestral materials for just the excerpt being programmed independent of the full parent work Until now conductors and orchestra librarians commonly had to first leaf through full scores searching for one elusive three minute aria after another only to then consult multiple publishers catalogues to compile crucial information on all the excerpts proposed for a concert or recording This book constitutes a single source for finding that information In many cases the individual entries include valuable insider information on common performance practice including start and stop points transpositions and conventional cuts Searching for repertoire is made easy with the detailed title index and appendixes devoted to ensemble excerpts all categorized by personnel e g duets trios quartets quintets sextets choruses and language Czech English French German Italian Latin Russian This book is the ideal tool for the working conductor and orchestral librarian as well as music program directors at colleges and conservatories opera companies and symphony orchestras As of October 2015 a new printing of this book has occurred to correct errors in the index A PDF version of the new index is available to previous purchasers of the volume Please contact Rowman Littlefield s music editor for assistance
