

Politics An Introduction

Christian G. Meyer

Politics An Introduction:

Politics George Andrew MacLean, Duncan Robert Wood, 2010 A new entry on the Canadian market *Politics An Introduction* guides students through the basics of political ideologies and institutions before moving on to more complex concepts such as the importance of government the organization of political systems and the role of individuals and groups in society With an emphasis on Canadian content throughout the text also maintains an international scope by using case studies to examine and compare political issues in developed and developing countries around the world Featuring extensive pedagogy and a beautiful full colour design this new text offers students an accessible comprehensive entry into the field of political studies *Politics: an Introduction* George A. MacLean, Duncan R. Wood, Lori Turnbull, 2026-05-11 Accessible and engaging throughout this introductory text examines politics from a Canadian comparative and international perspective Guiding students through the basics of political ideologies and institutions before moving on to more complex concepts this text covers essential questions regarding politics such as who has power in society and why how might groups participate in political activity how can we distinguish among so many types of political systems how is wealth distributed and why is conflict so prevalent in the world today This newly updated edition includes new coverage of the Russia Ukraine war Covid 19 Brexit Trump s second presidency and the politics of climate change and continues to use current examples and case studies from Canada and around the world *Comparative Government and Politics* John McCormick, Rod Hague, Martin Harrop, 2019-02-08 This revised and updated edition of a core textbook one of the most well established texts in the field of comparative politics offers a comprehensive introduction to the comparison of governments and political systems helping students to understand not just the institutions and political cultures of their own countries but also those of a wide range of democracies and authoritarian regimes from around the world The book opens with an overview of key theories and methods for studying comparative politics and moves on to a study of major institutions and themes such as the state constitutions and courts elections voters interest groups and political economy In addition two common threads run throughout the chapters in this edition the reversal of democracy and declining trust in government ensuring that the book fully accounts for the rapid developments in politics that have taken place across the world in recent times Written by a team of experienced textbook authors and featuring a range of engaging learning features this book is an essential text for undergraduate and postgraduate courses on comparative politics comparative government introduction to politics and introduction to political science New to this Edition New and extended coverage of important topics such as authoritarian states identities ethnicity and political violence A brand new chapter on political economy An engaging new page design in full colour for the first time An enhanced companion website now providing an extensive testbank of questions for lecturers Publishing alongside John McCormick s new book on *Cases in Comparative Government and Politics* October 2019 which offers more detailed coverage of the cases covered in this text *Introduction to Politics* Robert Garner, Peter Ferdinand, Stephanie Lawson, 2016

Combining theory comparative politics and international relations Introduction to Politics provides a perfect introduction to the subject for students embarking on university level study As the only introductory text to cover both comparative politics and international relations and contextualise this material with a wide range of international examples it is the most comprehensive authoritative and global introductory politics textbook on the market Written by three experts in the field this book takes a balanced approach to the subject serving as a strong foundation for further study The material is explored in an accessible way for introductory study but takes an analytical approach which encourages more critical study and debate helping students to develop the vital skills they need for a politics degree An Online Resource Centre accompanies this text and includes a range of resources for both students and lecturers For students Learn more about the people behind the theory with the Key Thinkers resource Test your understanding of the chapter content and receive instant feedback with self marking multiple choice questions Revise key terms and concepts with an online flashcard glossary For registered lecturers Encourage students to think critically with political scenario exercises Reinforce key themes from each chapter with suggested discussion questions for use in seminars Use the adaptable PowerPoint slides as the basis for a lecture presentation or as hand outs in class Save time preparing assessments and seminars with a fully updated test bank of questions

Studying Politics Perry Rand Dyck,2008-11-12 Studying Politics starts out with a gentle introduction to the subject of politics and political science especially appealing to those who may not have formally encountered this discipline before and then maintains an even presentation of the subject avoiding confusing jargon and continuing to engage the reader throughout Its conceptual comparative approach works outward from Canada to other industrialized developed democracies then to the developing world and finally to the global scene With Studying Politics events that once felt like moving targets will settle easily into their broader context and provide readers with a better understanding of the dynamics that keep our political spectrum fluid and fascinating This text continues to highlight topical and controversial issues in political science from across the four fields Political Thought International Relations Comparative Politics and Canadian Politics including cultural pluralism women s issues globalization political development terrorism regime change and an expanded discussion of Islamic political theory sharia law and the Islamic role in world affairs

Analyzing Politics Ellen Grigsby,1999 ANALYZING POLITICS is a comprehensive examination of the field of political science Taking a comparative approach it examines a variety of subfields of political science including methods political theory comparative politics international relations and U S politics Exhaustive in its coverage of the material ANALYZING POLITICS employs an extensive collection of boxes tables charts graphs photos and cartoons to hold the reader s attention

Comparative Politics Joseph L. Klesner,2013-11-16 Shows students of world politics how the methods and concepts of comparative politics can lead them to ask critical questions to better understand the complex world around them This book equips students to make better more informed decisions

Introduction to Politics Robert Garner,Peter Ferdinand,Stephanie Lawson,2020 The only

introductory textbook to bring together theory comparative politics and international relations to provide the most comprehensive and global introduction to politics available The Great Issues of Politics Leslie Lipson,1985 The theme of this book is that politics consists of certain fundamental issues which are constants They permit alternative solutions and form the unbroken threads unifying the experiences of all countries and centuries Lipson explains these issues in the context of their history and philosophy He has interpreted the alternative solutions to the issues by examples chosen from different times and places by comparing governments of contrasted types and by the array of opposite philosophies This edition continues the themes and mode of analysis of its predecessors but augmented with ideas and material drawn from events of the past 10 years The comparative range has been extended Contemporary controversies over the role of the state in the economy and decentralization of government over the buildup of armaments and the quest for a lasting peace are considered in the light of the great enduring issues ISBN 0 13 363912 6 25 95 An Introduction to the History of the Science of

Politics Frederick Pollock,1890 **An introduction to the history of the science of politics. Repr. with corrections** sir Frederick Pollock (3rd bart.),1902 **Why Politics Matters** Joseph Patten, Kevin L. Dooley,2011-12 Follows a foundational approach to learning and gives students a picture of the political science field This book offers an integrated and customizable online reader Course reader with a full slate of recommended primary source readings compiled by the authors

The Challenge of Politics Douglas W. Simon, Joseph Romance,2022-01-07 This is a textbook that offers students a good introduction to the science of politics while emphasizing the moral empirical and prudential dimensions of politics Prosper Bernard Jr College of Staten Island The Seventh Edition of The Challenge of Politics by Douglas W Simon and Joseph Romance balances classic political theory with contemporary politics to help students understand the fundamental questions of political science The authors relate insights of classic political thinkers both to their modern counterparts and to the political dynamics of American comparative and international affairs With its theme of politics as a scientific study this book allows students to explore the impact of philosophy and ideology to recognize major forms of government to evaluate empirical findings and to understand how policy issues directly affect people's lives **Why Politics Matters: An**

Introduction to Political Science Kevin L. Dooley, Joseph N. Patten,2020-01-01 Packed with current global examples Dooley Patten's WHY POLITICS MATTERS AN INTRODUCTION TO POLITICAL SCIENCE 3rd edition explains why politics is important to you and how you can get involved It gives you the building blocks to understand political science and provides a big picture of the field as it explores political theory comparative politics the U S government and international relations Thoroughly up to date it covers the rise of populism nationalism Brexit the Trump presidency U S relations with North Korea and China the pink wave in the 2018 Congressional midterms the impact of climate change on international relations and more In addition exercises throughout prompt you to think critically about chapter concepts and put what you learn into practice Important Notice Media content referenced within the product description or the product text may not be available

in the ebook version The Saturday Review of Politics, Literature, Science and Art ,1860 An introduction to political parties and practical politics Perley Orman Ray,1913 *Politics: An Introduction* Barrie Axford,Gary K. Browning,Richard Huggins,Ben Rosamond,John Turner,2005-07-15 This textbook has been carefully designed to meet the needs of students taking introductory courses in Politics It is accessible and exciting and by taking the widest possible definition of what is political it offers unrivalled coverage of the subject Specially designed as an interactive text it includes think points exercises and extracts as well as a range of illustrative material to stimulate responses from the reader The authors emphasise the role of the individual in politics and the interplay between the personal the national and the global They introduce topical issues and examples to bring the subject to life Features and benefits of Politics An Introduction Comprehensive includes chapters on political sociology political institutions the state political parties and associations political thought and a whole section on international and global politics User friendly includes marginal comments key words and definitions extensive cross referencing and a glossary Clearly written by a team who are all actively involved in teaching undergraduates and whose enthusiasm for teaching and engaging with students and issues is manifest Encourages further study through imaginative and annotated further reading sections at the ends of chapters and a consolidated bibliography The Language of Persuasion in Politics Alan Partington,Charlotte Taylor,2017-09-27 This accessible introductory textbook looks at the modern relationship between politicians the press and the public through the language they employ with extensive coverage of key topics including spin spin control and image politics models of persuasion authority contrast association pseudo logical and post truth arguments political interviewing difficult questions difficult answers metaphors and metonymy rhetorical figures humour irony and satire Extracts from speeches soundbites newspapers and blogs interviews press conferences election slogans social media and satires are used to provide the reader with the tools to discover the beliefs character and hidden strategies of the would be persuader as well as the counter strategies of their targets This book demonstrates how the study of language use can help us appreciate exploit and protect ourselves from the art of persuasion With a wide variety of practical examples on both recent issues and historically significant ones every topic is complemented with guiding tasks queries and exercises with keys and commentaries at the end of each unit This is the ideal textbook for all introductory courses on language and politics media language rhetoric and persuasion discourse studies and related areas **The Saturday Review of Politics, Literature, Science and Art** ,1931 **Introduction to Political Science** Craig Parsons,2021 Politics pervades every aspect of our lives as human beings As Aristotle said we are political animals
