The Politics of the European Union Herman Lelieveldt, Sebastiaan Princen, 2023-04-20 An introduction to the European Union from a comparative politics perspective systematically analysing its functioning through comparison with national political systems

Politics in the European Union Simon Bulmer, Owen Parker, Ian Bache, Stephen George, Charlotte Burns, 2020 This is an account of the main developments in the process of European integration It provides coverage of theory history member states institutions and policies drawing on academic debates including issues of legitimacy and globalisation

Value Politics in the European Union François Foret, Jana Vargovčíková, 2021-06-17 This book explores what drives value politics and the way in which it redraws political conflict at EU level Based on case studies and analyses of statistical data the book shows what the uses and roles of values have been at EU level over the past decades in both market related policies and in identity cultural and morality policies It challenges the common assumption that the latter is more driven by value conflicts The research shows the intrinsic similarities between all policy areas regarding the agency and limits of values as drivers of change or continuity It argues that European values are a broad and flexible symbolic repertoire instrumentalised to serve as a resource for mobilization legitimation delegitimation the conquest and conservation of power This book will be of key interest to both scholars and students in European studies politics comparative politics public policy political theory sociology and cultural studies as well as appealing to professionals of European affairs within and around the EU institutions

Politics in the European Union Ian Bache, Stephen George, 2006 This text provides an accessible and comprehensive introduction to all aspects of the European Union and the process of European integration It covers at the core elements of an introductory undergraduate course on the European Union theory history institutions and policies The second edition has been thoroughly updated and revised and combines a review of current academic debates with empirical data

BOOK JACKET

The European Union Jonathan Olsen, 2020-07-31

Thoroughly revised the seventh edition of this accessible and highly respected text provides a rigorous yet digestible introduction to the European Union. Additionally, it authoritatively explains developments that continue to bring challenges to this powerful institution in times of great political change. Key features: Clearly covers the history, governing institutions, and policies of the EU. Fully updated with new tables, figures, and photographs. In-text features such as Chapter Overviews, Questions to Consider, and Further Reading encourage deeper research and debate. Sustained discussion of transformative and historical change in the upheaval of Brexit and its ramifications and the future relationship of the UK with the EU. Through reflection on destabilizing issues such as immigration and the years of refugee crisis in Europe, the continued crisis in the eurozone, tensions with Poland and Hungary, Euroskepticism, Russia, and the rise of populism. Increased coverage throughout of women or minorities within the EU. Jonathan Olsen presents the EU as one of the world's economic and political superpowers, which has brought far-reaching changes to the lives of Europeans and has helped its member states to take a newly assertive role on the global stage. Essential reading for students of European and EU politics, this book offers an up-to-the-minute look at both the opportunities and existential threats facing the EU.

Democratic Politics in a European Union Under Stress Olaf Cramme, Sara Binzer Hobolt, 2015. This book offers the first comprehensive political analysis of the Euro crisis that erupted in Greece in 2010 and subsequently threatened the very survival of the Euro area. It has left a profound mark on democratic politics all over Europe, changing public attitudes and voting preferences, institutional and societal norms, and deeply anchored political traditions. The contributors to this volume reveal the extent to which policymakers are torn between the pressures emanating from financial markets and the demands put forward by their own constituents; how they struggle to reconcile national preferences with wider European interests; and how a polarized and politicized Union seeks to maintain some degree of cohesion. The emerging picture is that of a European Union under serious stress, transformed by new governance structures and a shifting balance of power. In response, the authors evaluate the prospects of a more legitimate and democratic Europe. They provide a rich and pluralist set of new analyses and proposals aimed at understanding and navigating the myriad tensions which surround the EU in the aftermath of the crisis. If the European project is to regain the trust of its citizens, such considerations must take a central place in public debate.

The European Union in International Politics Roy H. Ginsberg, 2001-10-03. As the world looks to Europe to take on more responsibility in international politics and security in the devastating aftermath of Bosnia and Kosovo, this pathbreaking book provides the first systematic evaluation of the political impact of the European Union (EU) on a global scale. Little is known of the EU's international political influence, yet if the EU is to develop a viable Common Foreign and Security Policy, other actors will have to perceive the Union as an important player. Roy Ginsberg fills this vital gap by first linking the contexts and sources of EU foreign policy actions with the processes and outputs of decisionmaking, and then examining how outsiders view the EU. Combining a masterly synthesis of the literature with invaluable primary interviews and case studies that

document the reach of and limits to the EU's political influence Ginsberg takes the study of EU foreign policy to a new level of analysis By defining describing and explaining the different levels and degrees of external political impact the book serves as a model for the advancement of conceptual knowledge rigorous political science research and state of the art survey techniques and methodology Scholars students and practitioners alike will find this rounded and nuanced work indispensable for understanding EU involvement in international politics seen from the perspective of non EU players particularly after the war in Kosovo the enactment of the Treaty of Amsterdam the Irish no vote for the Treaty of Nice and the efforts forged by the Europeans to operationalize the new political security and military committees associated with the European Security and Defense Policy

The European Union Jonathan Olsen, John McCormick, 2016-07-19 Covering the history governing institutions and policies of the European Union Jonathan Olsen and John McCormick present the EU as one of the world's economic and political superpowers which has brought far reaching changes to the lives of Europeans and has helped its member states to take a newly assertive role on the global stage Unlike most other books on the EU this text pays particular attention to the implications of the EU for the United States Thoroughly revised with new photographs and updated tables and figures the sixth edition of The European Union explains developments that have brought severe challenges to the Union such as the Greek crisis the Brexit tensions with Russia over Ukraine and new waves of refugees into Europe Essential reading for students of European politics this book offers an up to the minute look at both the opportunities and existential threats facing this powerful institution

Influence and Interests in the European Union Jenny Fairbrass, Alex Warleigh, 2003-09-02 Clearly discusses the impact and uses of interest representation in the development of the EU system Examines the complexities of representation at EU level a vital issue for potential lobbyists and interest groups Charts new trends and issues such as enlargement Europeanization and Central and Eastern Europe Contributions by acknowledged experts with a proven track record of research and publication in this field including seven current and past practitioners of EU politics with experience as lobbyists from either institutional NGO or corporate perspectives Places interest representation in its historical and theoretical context

Politics and Policy in the European Union Stephen George, 1996 Fully revised and updated **Politics and Policy in the European Union** is the third edition of this established introduction to politics and policy making in the European Union Stephen George covers all the key subjects of study with separate chapters looking at the history of the EU its institutions the theory of European integration three of the key players Britain France and Germany and the international context He also examines in depth the seven major policy areas energy agriculture internal market policy economic and monetary union regional policy social policy and European political co operation Using a clear accessible style Stephen George provides the ideal introduction to the EU equally valuable to students of the European Union and to anyone studying European issues as part of a course in economics or politics

Europe Today Ronald Tiersky, 2004 Aimed at undergraduates this textbook features a post Cold War perspective that provides a

basis with which to study the politics of Europe and the central themes of integration and security **The Role of Political Parties in the European Union** Bjorn Lindberg, Anne Rasmussen, Andreas Warntjen, 2013-09-13 At the national level political parties play an important role in making representative democracy work They help to aggregate and communicate policy preferences link decision making between different legislative bodies and hold politicians accountable In the European Union however the electoral connection is weak This casts doubt on the impact of partisan politics at the European level Are political parties able to fulfil their role as transmission belts ensuring political accountability and consistent decision making in the European Union To answer this question we look at the micro foundations of partisan politics in the European Union The contributions in this volume all depart from a common theoretical framework but use a wide range of empirical data and research designs covering qualitative process tracing elite interview and large N quantitative analysis Moreover they examine party effects in the electoral and legislative arena Finally the volume covers all European institutions the Commission the Council of the European Union the European Council and the European Parliament The findings enhance our understanding of the workings of decision making in Brussels add to the debate on the EU democratic deficit and highlight the usefulness of drawing upon insights from the literature on Comparative Politics when studying the European Union This book was published as a special issue of the Journal of European Public Policy **Towards a Segmented European Political Order** Jozef Batora, John Erik Fossum, 2019-11-08 This book makes a distinctive contribution to the crucial debate on the European Union EU's present and future development It systematically examines how the range of crises and challenges over the last decade have transformed the EU and relates those findings to the discussion of an increasingly differentiated EU It argues that the post crises EU shows clear signs of becoming a segmented political order with in built biases and constraints The book spells out the key features of such an order in ideational and structural terms and shows how it more concretely manifests itself in the EU's institutional and constitutional make up and in how member states constrain and condition EU action Different states impose different types of constraints as is underlined through paying explicit attention to the Visegrád countries This book will be of key interest to scholars and students of EU politics studies European integration and politics East European politics and foreign policy **The Government and Politics of the European Union** Neill Nugent, 2010-07-15 This is a systematically updated and entirely redesigned new edition of the leading text on the European Union providing up to date detailed and authoritative coverage of the main institutions policies and policy processes all set in historical context The seventh edition is fully updated to take account of the Lisbon Treaty and is packed with new pedagogical features maps charts and textboxes in a new larger two colour and accompanied by an all new companion website featuring update material test questions information on member states and PowerPoint slides for lecturers **The European Union and World Politics** A. Gamble, D. Lane, 2009-08-12 Divisions in the EU are considered as well as the conflicts that have arisen from enlargement and foreign policy concerns Leading specialists on European

politics and society reflect on the nature of consensus and competition between elites and whether the EU may be able to provide a sense of common identity and purpose for its citizens

The SAGE Handbook of European Union Politics Knud Erik Jørgensen, Mark Pollack, Ben Rosamond, 2007-01-03 This volume is one to which anyone trying to make sense of the EU of the early 21st century will return again and again A terrific line up that combines diverse talents from North America and Europe Few books of this kind could live up to the billing definitive benchmark but this one certainly does John Peterson University of Edinburgh A most useful book that can be highly recommended A strong analytical framework coupled with unparalleled coverage of the major issues of the political science research of the EU makes this volume a formidable tool for teaching and a significant input to new scholarly research It is both relatively sophisticated and very accessible to graduate students and advanced researchers The clear writing style and the richness of information presented will certainly make this book interesting for non academic readers Igor Vidacak Institute for International Relations Zagreb Journal of Common Market Studies An admirably comprehensive source book for those interested in how the tools of political science inspire EU area studies The editors enlist leading researchers to synthesize the state of the art in their field of expertise The Handbook of European Union Politics will be an indispensable intellectual resource for researchers teachers and graduate students of the European Union Liesbet Hooghe University of North Carolina at Chapel Hill USA Presents an excellent overview of political science research on the EU It finds the right balance between establishing the state of the art and pointing the reader to theoretical diversity Highly recommended for advanced students and scholars looking for quick and solid orientation in a fragmented field and for new ideas for research Frank Schimmelfennig ETH Zurich Switzerland This is a milestone in the study of EU politics The authors include the most knowledgeable practitioners in the field and collectively they provide a comprehensive and highly competent overview of the state of theory and research on EU institutions politics and policies Fritz Scharpf Max Planck Institute for the Study of Societies Germany The European Union EU poses quite profound questions for scholars and students of the social and political sciences This benchmark handbook is designed to provide an authoritative state of the art guide to the scope of the field suitable for both established scholars and students of the EU reflect and contribute to the debates about the nature of the field of EU studies and EU politics in particular explore in detail the development of the many approaches to the study of EU politics Divided into four sections the Handbook focuses on theorizing European integration the EU as polity politics and policy making in the EU and the EU and the international system Its appeal will reside not only in its comprehensive and authoritative coverage of the field but also in the quality of its contributors and the diversity of theoretical and methodological approaches included The resulting volume is a must have for all scholars and advanced students of the EU and European integration

The Politics of Everyday Europe Kathleen R. McNamara, 2015-05-21 How do political authorities build support for themselves and their rule Doing so is key to accruing power but it can be a complicated affair The European Union as a novel political entity faces a particularly difficult set of

challenges The Politics of Everyday Europe argues that the legitimation of EU authority rests in part on a transformation in the symbols and practices of everyday life in Europe The Single Market and the Euro the legal category of European Citizen and policies promoting the free movement of people EU public architecture arts and popular entertainment and EU diplomacy and foreign policy all generate symbols and practices that change peoples day to day experiences naturalizing European governance The modern nation state has long used similar strategies of nationalism and imagined communities to legitimize its political power But the EU s cultural infrastructure is unique as it navigates European national identities with a particularly banality trying to make the EU seem complementary to not in competition with the nation states While this cultural legitimation has successfully underpinned the EU s surprising political development Europe today is more often met with indifference by its citizens rather than affection As economic and political crises have stretched European social solidarity to the breaking point this book offers a clear theoretical framework for understanding how everyday culture matters fundamentally in the political life of the EU and how the construction of meaning can be a potent power resource albeit one open to contestation and subversion by the very citizens it calls into being

The Political System of the European Union Simon Hix, Bjørn Høyland, 2022-04-21 Starting from the observation that the European Union now possesses many of the attributes of modern political systems Hix and H yland take an innovative approach to analysing researching and teaching the EU Using the general theories of political science to understand how the EU works this text covers each of the main processes in the EU political system executive legislative and judicial politics public opinion interest groups and democracy and regulatory monetary and foreign policies introducing the key political science tools reviewing the relevant theories and applying the knowledge in detailed descriptive analysis As well as incorporating new data and the latest research this new edition examines the consequences of the dramatic political and policy developments in the EU over the past decade The methodology used in the text makes the political system of the EU accessible to political science students as a whole as well as those specifically studying and researching the EU
