The Police in America: An Introduction Samuel Walker, Charles Katz, 2010-01-29

The Police in America provides a comprehensive introduction to the foundations of policing in the United States today. Descriptive and analytical, the text is designed to offer undergraduate students a balanced and up-to-date overview of who the police are and what they do, the problems they face, and the many reforms and innovations that have taken place in policing. Using timely articles and excerpts, the authors take readers beyond the headlines and statistics to present a comprehensive and contemporary overview of what it means to be a police officer.

Police in America Walker, 1991-11-01 **POLICE IN AMERICA** SAMUEL WALKER, 2017 *The Police in America* Walker, 2017-02-20 [Policing America](#) Willard M. Oliver, 2016-09-28

Policing America is an introductory textbook to policing in the United States. In a balanced approach, the text presents the theoretical foundations of American policing with a focus on contemporary police practices and research. Oliver covers all of the key topics in policing but does not overburden the student with either extraneous material only loosely related to policing or the overly detailed presentation of research more suited to a graduate program. In an engaging and readable style, the author offers an overview of past practices and research in policing but emphasizes more contemporary policing practices and research. The focus of the book is on a contextual understanding of concepts in American policing. It is supported by the academic research balanced with the voice of the American police officer. Features: Balanced approach that emphasizes contemporary policing. Written by an academic with police experience resulting in an approach that combines the theoretical and the practical aspects of police work. Uses hypotheticals to bring the concepts to life for students. Student friendly and accessible presentation incorporates graphic elements such as boxed features and charts to emphasize and summarize key points. Encourages students to think critically about the role of policing in today's society. Oliver is an experienced author of textbooks in the criminal justice and policing fields having authored or co-authored over a dozen books.

The Police in America Samuel Walker, Charles M. Katz, 2004-08. Descriptive and analytical, the text is designed to offer undergraduate students a balanced and up-to-date overview of who the police are and what they do, problems related to policing, and the many reforms and innovations that have been attempted in police work. Divided into four parts, *The Police in America* begins with a compelling analysis of the foundation of law enforcement, including the underlying purpose of police in society, the history of American police, as well as the contemporary law enforcement industry. It goes on to cover everything from the critical role of the beat cop and the fundamental problems in policing to the career path of police officers and a level-by-level overview of police organizations. Using timely articles and excerpts, the author takes readers beyond the headlines and statistics to present a comprehensive and contemporary overview of what it means to be a police officer.

Juvenile Justice Preston Elrod, R. Scott Ryder, 1999. A textbook that presents the social, historical, and legal context within which delinquency and juvenile justice practice occurs. The authors look at the social context of juvenile delinquency, the development and history of the juvenile court, public and police responses to juvenile offenders, and juvenile justice practice.

Comparative Criminal Justice Joseph M. Mbuba, 2023-04-17. As the world becomes increasingly globalized, a shared understanding and appreciation of the various aspects and approaches of criminal justice becomes imperative. Examining nineteen countries purposefully selected to ensure not only broad geographic distribution but also cultural and religious diversity, political differentiation, and historical experiences, this book is a go-to reference for comparative criminal justice studies, human rights studies, victimology, gender studies, anthropology, and political science. Divided into five parts, this book includes chapters on Sub-Saharan Africa, East Asia, and the Pacific, Europe and Eurasia, the Middle East, and the Western Hemisphere. Although each chapter represents a different country, all chapters have similar thematic sections providing summaries of the wide array of policing practices.

exploring the different types of criminal procedure used across the world and recognizing the many methods that different societies use to sanction criminal behavior among their citizens

Policing in America Robert H. Langworthy, Lawrence F. Travis, 1999 For Introduction to Policing Law Enforcement and specialization courses on policing at the freshman sophomore undergraduate level Written in a smooth style that promotes conceptual understanding and integration this intriguing text on policing in America uses a balance of forces metaphor throughout to help assimilate discussions centering material around a recurrent analytical theme that seeks to define police as a product of correlated social historical political legal individual and organizational forces Providing a detailed description of policing with probing analyses of current police and practice problems it covers the complexity of policing in America and offers a comprehensive survey of the different police and law enforcement agencies working in the country today

Crime and Policing in Rural and Small-town America Ralph A. Weisheit, David N. Falcone, L. Edward Wells, 1996 Promoting the view that rural crime and justice should be of interest to a wide audience the authors all professors at Illinois State University examine what can be learned about crime culture and geography in rural settings while remaining aware of their wider implications The range of topics they discuss will sound familiar to anyone in an urban or rural setting environmental crimes guns poverty gangs arson and jails and prisons yet they also emphasize the needs of rural communities in areas such as specialized training for police rural stereotypes such as white trash and rednecks and small town municipal police Annotation copyrighted by Book News Inc Portland OR

Thin Blue Fault Line - Policing America John C. Franklin, John F. Hein, 2021-02-22 Authors Franklin and Hein have witnessed firsthand difficulties experienced in some black communities They use their knowledge to analyze and discuss the interactions between American policing a subculture of the black community and the BLM movement The authors wrote this book not because of attacks on police officers but because of overzealous actions by officers to shoot black men It describes

how blue on black shootings along with police tactics sometimes cause intense citizen responses through public statements outbursts and demonstrations It begins with an examination of the differences between the black and white communities how the same incident can be viewed from two different perspectives and how a discussion can be perceived unbiased by one but biased and unjust by another Because of civil rights efforts American policing is going through a transformation A change in policing tactics must be met with a re evaluation of some cultural norms by the black community They also discuss the lack of support by blacks shown to other blacks when there is an impression of being not black enough The authors believe in political correctness but also believe that political correctness is harming the black community because well recognized negative issues in some communities are not being addressed to avoid criticism of black culture In the final chapter the authors discuss the failure of black leadership to make any earnest effort to rescue a wanting black subculture from itself Finally the authors believe that American policing understands its 21st century obligations and is taking steps to meet them

Police in America Steven G. Brandl, 2020-01-07 Grounded in evidence based research *Police in America* provides a comprehensive and realistic introduction to modern day policing in the United States This reader friendly text helps students understand best practices in everyday policing and think critically about the many misconceptions of police work Author Steven G Brandl draws from his experience with law enforcement to emphasize the positive aspects of policing without ignoring its controversies Brandl tackles important topics that center on one question What is good policing Included are discussions of discretion police use of force and tough ethical and moral dilemmas giving students a deeper look into the complex issues of policing to help them think more broadly about its impact on society This title is accompanied by a complete teaching and learning package **The Political History of the United States of America** Edward

McPherson, 1876 *Guns in America* Jan E. Dizard, Robert Muth, Stephen P. Andrews, 1999-04 Firearms have long been at the core of US national narratives From the Puritans embrace of such weapons to beat back the devilish Indian to a guilty delight in the illegal exploits of Dirty Harry Americans have relied on the gun to right wrongs both real and imagined
