the third thread looks at the way people with avoidant attachment styles can begin to open themselves up to love again the fourth thread looks at how individuation can manifest as a response to nihilism Meticulously researched and written with sensitivity the result is a sophisticated exploration of Murakami's published novels as an evolving therapeutic project that will be of great value to all scholars of Japanese literature and culture [Playing to Learn](#) Carol Seefeldt, 2001 Create meaningful experiences and engage children in learning through play [Playing to Learn](#) gives you hundreds of activities to make learning fun through games small group activities stories and more These games and activities promote learning every day of the week every week of the year Sure to become a classroom favorite [Playing to Learn](#) has everything you need to create wonderful learning experiences for young children 192 pages Carol Seefeldt is Professor Emeritus at the University of Maryland She has written 21 books and over 150 articles for teachers and parents This is her first book with Gryphon House
