

# Foundation course in Quantity Surveying Course Guide

## Course Overview

The Foundation course in Quantity Surveying has been designed to provide you with the core knowledge and understanding of quantity surveying techniques and issues relating to best practice including different forms of contract that appear internationally.

In this course, you will be introduced to concepts on various procurement options; the production of tender documents; the contractor's tendering procedure and strategy; and the detailed process undertaken by the contractor to price tender documents.

The aim of the course is to familiarise you with the key principles of tendering, estimating and pricing and provide you with knowledge of construction contracts and their financial provisions.

## What you will learn?

This course will provide a clear understanding of:

- the principles of estimating and tendering
- the basic principles for pricing simple domestic scale construction
- the process required for the routine operation of a construction contract
- the main procurement routes available and the advantages and disadvantages of each
- the tendering procedure followed by contractors
- which form of contract is most applicable in a given situation
- the procedure for completing the contract form
- the differences between the various different types of subcontractor
- how to value variation works under the JCT 05 standard form of building contract
- the procedure for ascertaining the amount stated as due in an interim certificate
- the steps a contractor should take to gain an extension of time
- the liquidated damages provisions included in the JCT 05 standard form of building contract
- the main procurement routes available and the advantages and disadvantages of each

## Course content

- Procurement
- Pre-contract estimating and tendering
- Contract administration
- Measurement
- Pricing

## Eligibility criteria

- The course is applicable for beginners in the industry as well as those practitioners with limited experience in the field.
- To participate in this course you can be a graduate, graduate equivalent or diploma holder.
