Tavistock Institute Daniel Estulin, 2015 The real story behind the Tavistock Institute and its network from a popular conspiracy expert The Tavistock Institute in Sussex England describes itself as a nonprofit charity that applies social science to contemporary issues and problems But this book posits that it is the world's center for mass brainwashing and social engineering activities It grew from a somewhat crude beginning at Wellington House into a sophisticated organization that was to shape the destiny of the entire planet and in the process change the paradigm of modern society In this eye opening work both the Tavistock network and the methods of brainwashing and psychological warfare are uncovered With connections to U S research institutes think tanks and the drug industry the Tavistock has a large reach and Tavistock Institute attempts to show that the conspiracy is real who is behind it what its final long term objectives are and how we the people can stop them *One Nation Under Blackmail - Vol. 1* Whitney Alyse Webb, 2022-10-20 One Nation Under Blackmail is a damning indictment of the consequences resulting from the nearly century old relationship between both US and Israeli intelligence and the organized criminal network known as the National Crime Syndicate This book specifically explores how that nexus between intelligence and organized crime directly developed the sexual blackmail tactics and networks that would later enable the sexual blackmail operation and other crimes of deceased pedophile and sex trafficker Jeffrey Epstein Other books on Jeffrey Epstein focus on the depraved nature of his crimes his wealth and his most famous politically connected friends and acquaintances This book in contrast reveals the extent to which Epstein's activities were state sponsored through an exploration of his intelligence connections **From the 'Neutral' Body to the Postmodern Cyborg** Silvia Guerini, 2023-10-15 This book is a radical critique of gender ideology and transhuman design Silvia Guerini shows how the TQ rights agenda is being pushed by eugenicist capitalist technocrats at the top of Big Business Big Philanthropy Big Tech and Big Pharma companies She argues that dissociation from our sexed bodies leads to dissociation from reality with the human body transformed into a permanent construction site besieged by synthetic and artificial interventions Erasure of the material dimension of bodies and sexual difference is an erasure of women She explains how fundamental struggles such as the fight against genetic engineering and the fight against artificial reproduction can only advance in conjunction with an opposition to gender ideology By linking gender identity to the genetic modification of bodies she warns that humanity itself is at risk of becoming a synthetic life form with synthetic emotions within a virtual fluid deconstructed metaverse Today being revolutionary means preserving everything that makes us human It means defending the living world and nature as entities to be respected not as parts that can be broken down and redesigned in a laboratory world *Summary of Daniel Estulin's Tavistock Institute* Everest Media, 2022-08-19T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The conversion of the mind science into the craft of mind destruction was shaped by war The essential premise of the work of Tavistock is that certain kinds of democratic institutions are more efficient instruments for

fascist dictatorship than traditional straightforward authoritarian models 2 The construction of a cabal of psychiatrists to rule over society was Rees's lifelong mission He understood the power structures of society and he used that to influence key individuals who would spread his ideas 3 The psychologist Kurt Lewin was one of the first to study psychological warfare and he was the father of group dynamics He came to the United States in 1933 He was a refugee from Nazi Germany and his work was used to change food preferences away from meat toward whole wheat bread as substitutes 4 The idea that fascism is a world desired in the paranoid dreams of the Id is not an exaggeration Rees and Tavistock were seriously organizing a cabal to take over the councils of those who were attempting to re-establish the world after the war

**ENGLISH DESCRIPTION** Who is behind Donald Trump? From the beginning of his presidential career, Donald Trump, with his extremely xenophobic and anti-establishment speeches, managed to negotiate all obstacles to become the president of the world's grandest democracy. How is it possible that this demented individual achieved such a feat? Who supported his rise to the White House? What geopolitical changes are in store for the world? Using firsthand information and his knowledge as an ex-spy, Daniel Estulin offers a thrilling report in which he reveals details of people and political and business interests that are behind Trump's rise to power. The fissures between Democrats and Republicans, the new world order, the multimillion-dollar drug business, connections with Russia, the role of intelligence agencies, and the orchestration of different governments are some of the topics that this rigorous investigation brings up to understand everything entailed by Donald Trump being president of the most powerful nation in modern history. Those who read these pages will know that everything is leading to a radical transformation of which Trump is just the tip of the iceberg.

*Qui nous affame ? De la crise financière à la famine organisée* Daniel Estulin, 2014-01-02

La thèse de Daniel Estulin est que derrière le cataclysme financier se cache une trame d'intérêts communs qui cherche la destruction des États-nations pour pouvoir contrôler la démographie mondiale. La planète compte aujourd'hui un peu plus de 7 milliards d'individus. La Terre est une petite planète aux ressources naturelles limitées et confrontée à une explosion démographique sans précédent. Par conséquent, du point de vue de l'élite, si vous voulez contrôler les ressources en eau et en nourriture, il est impératif de réduire la population mondiale dans des proportions gérables. Sept milliards d'individus aujourd'hui, le double dans quelques décennies seulement, c'est trop de bouches nourrir.

Le Club de Rome est l'institution mondiale la plus active en faveur de la thèse d'une population malthusienne. Le Club a publié en 1972 *Les Limites à la Croissance*, qui démontre que la planète sera courtée de ressources d'ici 40 ans. Pour que l'humanité survive, il est donc impératif de remettre en cause notre style de vie et de réguler la population mondiale, donc la réduire par tous les moyens. C'est ce qu'il faut selon Estulin : l'Empire. L'Empire désigne un système de contrôle de l'économie mondiale opérant par le biais d'un système monétaire international aux mains de grandes banques internationales. La mondialisation avatar de l'Empire est synonyme d'élimination de l'État-nation et de la radicalisation de la liberté, de l'élimination de tous les droits. Toutefois, avant de tenter de réduire la population et de massacrer le troupeau, il est impératif de détruire l'économie et la demande. Peut-être vous demandez-vous pourquoi l'Empire tient tant à détruire la demande. En contrôlant déjà plus de 98 % de la richesse mondiale, l'Empire ne souffrirait pas financièrement de cette destruction. Leur principal souci en cette période de l'Histoire est d'assurer la survie de leur espèce. Et affirmons-le une fois de plus : pour qu'ils puissent survivre en ces temps prochains de pénurie des ressources naturelles, une grande partie d'entre nous doit mourir.
