The Psych-K Experience Brunhild Hofmann (Ed),2018-02-23 This book is meant to illustrate the possibilities offered by working with PSYCH K making them clearer and more comprehensible I must admit however that I have a hard time using the word work when talking about PSYCH K since that is hardly what it feels like Delight uplift and a feeling of connection better describe what I have experienced The stories in this book are diverse as diverse as the people whose processes are described and as diverse as the Facilitators sharing their experiences Each story focuses on a key question What do you want instead The examples provided demonstrate the many scenarios that can arise when using PSYCH K Different approaches can be taken to resolve the same or similar issues fear of flying and fear of taking tests for example This shows yet again that when using PSYCH K we do not focus on problems but on people By means of PSYCH K you achieve Self Realization

From Fear to Freedom D. J. Macarthur,2011-03-31 Using her own personal experience as well as her professional training Ms Macarthur discusses different types of fears that plague our lives and how they affect our successes our dreams and our sense of peace and security In the second half she then presents a number of techniques for dispelling our fears and gaining control over our lives These are proven methods many of which we can learn and practice ourselves without the help of a therapist Some are even incredibly simple so much so that it seems impossible that they could help This is a little book with a big impact

Unbreak Your Health Alan E. Smith,2007-01-01 Smiths complete guide presents proven healing techniques from 5 000 years ago to the most modern innovations With more than 300 listings in 135 categories it is one of the most complete books ever published on complementary and alternative therapies

Adam's Gift Cindy Williams Adams MEd,2024-06-12 In Adam s Gift author Cindy Williams Adams shares the story of the death of her twenty seven year old son Adam and her subsequent spiritual journey Hi I m Adam and I m dead Well not really I m still here The first night in the hospital while Adam was on life support around midnight a nurse advised me to go home and get some rest I looked at Adam s monitor His heart rate was 180 a normal heart rate for an infant At that point his vital signs were nominal I said I d go home when Adam s heart rate reached 111 Greg and I sat in the dark listening to the beep beep of Adam s monitor A few minutes later Greg said Look at the monitor Adam s heart rate was 111 My youngest sister Rhonda and I clipped some locks of Adam s dark brown hair as a keepsake I was sitting at the head of his bed examining our handiwork when I heard Adam say jokingly Mom what the fuck did you do to my hair In that pivotal moment if

I d talked myself out of believing what I d just experienced I would have grieved Adam s death in an entirely different way Trusting the communication from Adam was real not only allowed me to accept the loss of Adam s physical presence it allowed me to create an entirely new relationship with the part of Adam that is eternal Adam s lungs kidneys pancreas and liver saved the lives of two individuals and significantly improved the lives of three others Adam s liver went to a young mother from Indiana where I was born Adam s pancreas went to a woman with diabetes who ll never have to suffer another amputation Adam s kidneys went to a woman from somewhere in California and to a man in Oakland who no longer plan their life around the need for dialysis Adam s lungs went to a seventy two year old man from Arizona From January 2011 to February 2023 Adam led me on a twelve year long wild goose chase where I collected seemingly random puzzle pieces that when presented altogether finally make sense From a past life as a knowledge keeper in Atlantis to serving as an intergalactic guardian Adam s mind blowing after death adventures will change everything you thought you knew about life and death and the world as we know it Don t let your skin suit fool you into thinking you re anything less than a co creator with God We don t have to die to evolve to a higher level of consciousness When it comes to consciousness raising Adam and I are giving away the cheats Adam s Gift is more than a memoir it s a multidimensional multimedia experience Brace yourself you re in for an e ticket ride Adams debut memoir is an effectively concise account of a mother navigating her own grief while also finding ways to help others heal Adams vividly renders her story of her life s journey and her sense of exuberance is evident throughout Kirkus review The story of Adam and the special bond he shares with his mom gives those hope who question an afterlife Dannion Brinkley internationally bestselling author of Saved by the Light At Peace in the Light and Secrets of the Light You don t have to have experienced loss to love Adam s Gift It isn t a book of grief Its gift to the reader is about the resilience of love and the unwavering faith of a mother faced with unimaginable circumstances and boundless faith Meg Blackburn Losey PhD author of international bestsellers The Children of Now The Secret History of Consciousness and Touching the Light Through the experiences recounted by Adam s mother readers are immersed in a world where love transcends physical boundaries and continues to connect souls even after death Rhys Wynn Davies Australia s 2023 Psychic of the Year and author of How to Talk to the Dead in 10 Easy Steps Adam s Gift was so riveting to read I came away from it feeling as if I had gained so much I can t thank Adam and Cindy enough for writing this book Sarah Breskman Cosme bestselling author of A Hypnotist s Journey to Atlantis A Hypnotist s Journey to the Secret of the Sphinx and A Hypnotist s Journey from the Trail to the Star People **God and Science: A Road Map to Miracles Using Psych-K(R)** Linda Gauthier,2020-10 There is a cosmic energy that is all creative in the universe We are using this energy everyday whether we know it or not Linda reveals the ways God and science use energy What was once seen as metaphysical is now being proven in laboratories on a subatomic level Most of us are operating on auto pilot and reacting to every circumstance that comes into our life We are miss using our energy to support our fears and limitations We keep repeating the same painful and
