collection of essays represents a new departure for and a potentially re-defining moment in literary Jewish Studies. It is the first volume to bring together essays covering a wide range of American, British, South African, Canadian, and Australian Jewish fiction. Moreover, it complicates all these terms, emphasising the porousness between different national traditions and moving beyond traditional definitions of Jewishness. For the sake of structural clarity, the volume is divided into three parts: American Jewish Fiction, British Jewish Fiction, and International and Transnational Anglophone Jewish Fiction, but many of the essays cross over these boundaries and speak to each other implicitly as well as on occasion explicitly. Extending and redefining the canon of modern Jewish fiction, the volume juxtaposes major authors with more marginal figures, revising and recuperating individual reputations, rediscovering forgotten and discovering new work, and in the process remapping the whole terrain. This volume opens windows onto vistas that previously had been obscured and opens doors for the next generation of studies that could not proceed without a wide-ranging, visionary empiricism grounding their work.

The *Edinburgh Companion* is a paradigm-changing event, and nothing in Jewish literary studies that follows can fail to pay close attention to it. Key Features: Highlights the rich diversity of the field and identifies its key themes, including immigration, the Diaspora, the Holocaust, Judaism, assimilation, antisemitism, and Zionism. Analyses the main trends in Anglophone Jewish fiction and situates them in historical context. Discusses the place of Anglophone Jewish fiction in relation to critical debates concerning transatlanticism and transnationalism, ethnicity and identity, politics, postcolonial studies, feminist studies, and Jewish Studies. With a preface by Mark Shechner, the volume contains 28 essays by contributors including Vicki Aarons (Trinity University, Texas), Debra Shostak (Wooster College, Ohio), Ira Nadel (University of British Columbia), Efraim Sicher (Ben-Gurion University), Phyllis Lassner (Northwestern University), Sue Vice (University of Sheffield), Lori Harrison Kahan (Boston College), Ruth Gilbert (University of Winchester), Beate Neumeier (University of Cologne), and Sandra Singer (University of Guelph). David Brauner is Professor of Contemporary Literature at The University of Reading. Axel Staer is Reader in Comparative Literature at the University of Kent, Canterbury.

Postmodern/Postwar and After Jason Gladstone, Andrew Hoberek, Daniel Worden, 2016-07-01. Within the past ten years, the field of contemporary American literary studies has changed significantly. Following the turn of the twenty-first century and mounting doubts about the continued explanatory power of the category of postmodernism, new organizations have emerged, book series have been launched, journals have been created, and new methodologies, periodizations, and thematics have redefined the field. *Postmodern/Postwar and After* aims to be a field-defining book, a sourcebook for the new and emerging critical terrain that explores the postmodern/postwar period and what comes after. The first section of essays returns to the category of the postmodern and argues for the usefulness of key concepts and themes from postmodernism to the study of contemporary literature or reevaluates postmodernism in light of recent developments in the field and historical and economic changes in the late twentieth and early twenty-first centuries. These essays take the contemporary abandonments of postmodernism as an occasion to assess

the current states of postmodernity After that the essays move to address the critical shift away from postmodernism as a description of the present and toward a new sense of postmodernism as just one category among many that scholars can use to describe the recent past The final section looks forward and explores the question of what comes after the postwar postmodern Taken together these essays from leading and emerging scholars on the state of twenty first century literary studies provide a number of frameworks for approaching contemporary literature as influenced by yet distinct from postmodernism The result is an indispensable guide that seeks to represent and understand the major overhauling of postwar American literary studies that is currently underway

Understanding Gary Shteyngart Geoff Hamilton,2017-04-15 A survey of the Russian born American author s work and themes questioning identity politics and multiculturalism

Understanding Gary Shteyngart the first comprehensive examination of Shteyngart s novels and memoir introduces readers to one of the most critically acclaimed and commercially successful contemporary American authors Born in Leningrad in 1972 Shteyngart immigrated to the United States in 1979 attended Oberlin College and the City University of New York and currently teaches in the Writing Program at Columbia University His novels include *Super Sad True Love Story* winner of the Bollinger Everyman Wodehouse Prize *Absurdistan* chosen as one of the ten best books of the year by the New York Times Book Review and Time magazine and *The Russian Debutante s Handbook* winner of the Stephen Crane Award for First Fiction and the National Jewish Book Award for Fiction Geoff Hamilton studies three broad overlapping elements of Shteyngart s work his construction of Russian Jewish identity in the United States his appraisal of communism s imaginative legacy for the wider East European diaspora and former Soviet republics and his representation of the deadening effects of late capitalism Focusing on Shteyngart s themes of the fracturing and decay of ethnic identities the limits and pitfalls of multiculturalism and the decline of privacy and civility against the creeping power of technological mediation Hamilton also tracks the author s playful manipulation of literary traditions and his incisive revision of seminal mythologies of Russian Jewish and American selfhood Although Shteyngart has sometimes been pigeon holed as an immigrant author working a rather marginal ethnic shtick Hamilton demonstrates that Shteyngart s work deserves attention for its remarkable centrality that is its relevance to core questions of identity formation and beliefs common to globalized societies
