obsession In some countries of Southern Europe and the Middle East it is a way of life A typical game of backgammon lasts 68 minutes if it is Hit or Gioul and double that if it is Plakoto or Moultezim These are the fastest most absorbing minutes in a player's lifetime The game moves in lightening speed and requires total concentration The mixture of chance and skill are perfectly balanced in Hit the other games leaning heavier on skill There is hardly a moment of boredom when you play backgammon Even when the game seems hopelessly lost there is still a finite probability of a turnaround The suspense is always there the tension is never ending What more would you want for an evening of relaxation This book is written to fill a void the almost total absence of information on backgammon games other than basic Hit usually called backgammon in the West The authors find it incredible that Gioul Plakoto and Moultezim still remain a well kept secret among backgammon connoisseurs Gioul is the most fun filled game played on the board every dice throw a surprise Plakoto is without doubt the king of Backgammon games Moultezim is a serious game for the purist the consummate space strategist Players who are unaware of these games are not really fulfilled This book illustrated with more than 300 diagrams illustrations and exercises aims to change all that and turn all casual players into full fledged backgammon experts Fell's Guide to Winning Backgammon Walter Brown Gibson, 1974 If you are serious about playing Backgammon then you must buy this book It will turn you into an unbeatable opponent Backgammon: Its History and Practice George Frederick Pardon, 1844 **Begin Backgammon** J. du C.
