Countryside Rem Koolhaas, AMO., 2020 From animals to robotization climate change to migration Rem Koolhaas presents a new collaborative project exploring how countryside everywhere is transforming beyond recognition The pocketbook gathers in depth essays spanning from Fukushima to the Netherlands Siberia to Uganda an urgent dispatch from this long neglected realm revealing its radical potential for changing everything about how we live **Rem Koolhaas as Scriptwriter** Helena Huber-Doudová, 2023-10-30 This book is the first survey of a new field in architecture theory script writing Rem Koolhaas as Scriptwriter explores the intersection of architecture film and text using the example of the working method of scriptwriter Rem Koolhaas and the Office for Metropolitan Architecture OMA This book argues that Koolhaas formulates his approach to architecture on the basis of the written sketch or script and questions its transformations into built environment in the oeuvre of OMA Divided into two parts the first part is a theoretical outline that explores the notion of scriptwriting in film It provides in depth insights into the definition and historical evolution of the script as a blueprint Hollywood script avant garde script storyboard the relation to auteur theory and the difference between the script and scenario It surveys the first original script for the Exodus of the Voluntary Prisoners of Architecture The second part offers a unique perspective on the urban development of West Berlin in which Koolhaas created a metropolitan script or blueprint that spans the period 1971 1989 from his first visit to Berlin to the fall of the Berlin Wall This book will be of interest to researchers and students of architectural theory urban history and film studies **Rem Koolhaas/OMA** Roberto Gargiani, 2008-01-01 Projekter og bygninger af den hollandske arkitekt Rem Koolhaas og de vrige medlemmer af OMA gennemg es i kronologisk orden Architecture and Spectacle Gevork Hartoonian, 2012 Focusing on six leading contemporary architects Peter Eisenman Frank Gehry Bernard Tschumi Zaha Hadid Rem Koolhaas and Steven Holl this book puts forward a unique and insightful analysis of neo avant garde architecture It discusses the spectacle and excess which permeates contemporary architecture in reference to the present aesthetic tendency for image making but does so by applying the tectonic of theatricality discussed by the nineteenth century German architect Gottfried Semper In doing so it breaks new ground by opening up a dialogue between the study of the past and the design of the present Rem Koolhaas, OMA + AMO / Spaces for Prada Rem Koolhaas, 2021 Source Books in Architecture No 14 Rem Koolhaas OMA AMO Spaces for Prada is the most recent volume in the Source Books in Architecture series Among the topics discussed in the book are the long standing relationship with Prada and how the early objectives in that relationship have both maintained and shifted An underlying theme to the conversations held with students and faculty of the Knowlton School community is the topic of

architect client relationships their history their problems and how they have contributed to the discipline over time Explicitly a focus of the conversation is a number of projects that OMA has developed or completed with Prada a large number of which are installation scale environments that manifest in the form of runway shows and exhibitions The challenge of such projects is to retain a commitment to the political and cultural agenda that OMA embeds in the larger and permanent buildings Given the ephemerality and role of these environments as literal backgrounds to highlighted events the projects are ideal scenarios in which to develop an architecture that lacks the permanence of buildings while still carrying potency and contributing to larger cultural discussions involving for example event place concept product staging the crowd lighting and materiality Source Books in Architecture No 14 contains project documentation from the OMA and Prada archives transcripts from Koolhaas conversations with students at the Knowlton School at The Ohio State University and commentary and critique from architects critics and theorists

Rem Koolhaas Rem Koolhaas,Hans-Ulrich Obrist,2006 In this traditional paperback renowned critic and curator Hans Ulrich Obrist teams up with Dutch avant garde architect and paradigm shifting intellectual Rem Koolhaas for a discussion of Koolhaas s work in China his designs for Prada architecture as metaphor and the development of urbanism in the slipstream of globalization
