Literature Look inside the book It was in my heart to build an house to the name of Jahveh my God but the word of Jahveh
came to me saying Thou shalt not build an house unto my name because thou hast shed much blood upon the earth in my
sight behold a son shall be born unto thee who shall be a man of rest and I will give him rest from all his enemies round
about for his name shall be Solomon Peaceful and I will give peace and quietness unto Israel in his days he shall build an
house for my name and he shall be my son and I will be his father and I will establish the throne of his kingdom over Israel
for ever With regard to the above parallelisms I submit that one of them at least the Judgment of Solomon is neither trivial
nor based in simple facts and could not have originated independently of the Indian tale that the others though each if it
stood alone might be a mere coincidence are too numerous to be so explained that the time and conditions which rendered it
possible that the names of the apes and peacocks 1 Kings x 22 imported by Solomon should be Indian proves the possibility of
importations of tales from the same country About Moncure Daniel Conway the Author After graduation from Harvard
University Conway accepted a call to the First Unitarian Church of Washington D C where he was ordained in 1855 but his
anti slavery views brought about his dismissal in 1856 After the Civil War broke out Conway located in Washington DC
several dozen of his father s slaves who had fled from Virginia and escorted them through Maryland still a slave state to
safety in Ohio **The Writings of Solomon** Solomon (King of Israel.),1870 **The Book of Wisdom of Solomon** King
Solomon,2021-05-08 In this centuries old biblical text Solomon tells of his search for wisdom He addresses the rulers of the
earth urging them to love righteousness and seek wisdom In it he explains that the wicked people believe that all is mere
chance and that they should enjoy each day unconcerned but they are deluded *The Testament of Solomon* King
Solomon,2017-03-15 This edition of the Testament of Solomon is a complete and accurate reprint of the original translation
of ancient manuscripts by F C Conybeare first printed in 1898 It contains all Conybeare s original notes and commentary
including the Greek characters he footnoted for the reader s consideration Beware of other editions of this work that do not

contain all the original text The Testament of Solomon is a pseudepigraphical work attributed to King Solomon the Wise of the Old Testament Written in the first person narrative the book tells the story of the creation of the magical ring of King Solomon and how Solomon s ring was used to bind and control demons including Beelzebub In this book of King Solomon the discourses between the King and the various spirits are told and the story shows how Solomon uses his wisdom to withstand the demons tricks and guile and enlist their aid in the building of his temple The spells and seals of Solomon used by the King to bind the spirits are detailed which makes this work a book of Solomon s magic similar in nature to the Lesser Key of Solomon the King and the Greater Key of Solomon the King which both are King Solomon books of magic and contain various talismans of Solomon including the secret seal of Solomon The manuscripts from which this work was discovered date from the 15th 16th and 17th centuries All were written in Greek This dating makes most experts believe that the work is medieval But some scholars including D C Duling argue that it is likely that the work comes from the 5th or 6th centuries The various manuscripts used to source the work all date to medieval times but the text itself as well as references to other works indicate the Testament is much older For example in the Dialogue of Timothy and Aquila there is a direct reference to the Testament of Solomon The Dialogue purports to have been written during the Archbishopric of Cyril in 444 C E and therefore its reference would date the Testament before that time Similarly in the early 4th century Gnostic text On the Origin of the World references to the book of Solomon and his 49 demons are made No matter the date the text provides an immensely interesting description of how King Solomon tamed various demons to build his temple The text includes predictions of the coming of Christ as one demon explains to Solomon that while he may be bound the only thing that can truly take his power away is the man born from a virgin who will be crucified by the Jews
