Global Migration, Gender, and Health Professional Credentials Margaret Walton-Roberts, 2022-03-01 Bringing together diverse approaches and case studies of international health worker migration Global Migration Gender and Health Professional Credentials critically reimagines how we conceptualize the transfer of value embodied in internationally educated health professionals IEHPs This volume provides key insights into the economic and feminist concepts of global value transmission the complexity of health worker migration and the gendered and intersectional intricacies involved in the workplace integration of immigrant health care workers The contributions to this edited collection uncover the multitude of actors who play a role in creating transmitting transforming and utilizing the value embedded in international health migrants

Family Law Polly Morgan, 2024

Theresa May, The Hostile Environment and Public Pedagogies of Hate and Threat Mike Cole, 2019-07-01 Theresa May The Hostile Environment and Public Pedagogies of Hate and Threat analyses Theresa May's involvement in the creation and promotion of public pedagogies of hate and threat around the issue of immigration which are used to instil fear stress and anxiety among large sections of the population This book uses public pedagogy as a theoretical lens and examines the economic and political backdrop to the hostile environment before moving on to a consideration of its creation and consolidation by Theresa May as Home Secretary and later as Prime Minister The effects of the hostile environment on health and education are addressed as well as its specific impacts on asylum seekers and women The book also interrogates the Windrush scandal and divided families as well as the author and his family's personal experiences of the hostile environment It concludes by considering the escalation of racism in general the crisis in neoliberalism and the case for a socialist future without borders This topical book will appeal to doctoral postgraduate and advanced undergraduate students in the fields of education studies pedagogy and sociology as well as those interested in UK politics

Immigration and Freedom Chandran Kukathas, 2025-07-15 Few would deny that immigration controls are restrictions on individual freedom In debates about immigration however freedom is rarely mentioned When it is raised it is usually indirectly and the contending parties typically divide into those who question the wisdom or the morality of limiting the movement of would be immigrants and others who think such restrictions warranted The language of freedom rarely makes an appearance perhaps because the liberty of foreigners or aliens does not really interest most people Advocates of immigrants express a concern for the welfare of outsiders others appeal to the welfare of natives and the integrity of the nation The point of this book is to establish freedom as the basis of the immigration question Chandran Kukathas argues that what's at stake is nothing less than the liberty of citizens and residents of the free society and therefore the free society itself To put it simply immigration controls are controls on people and it is not possible to control some people without controlling others More specifically it is not possible to control outsiders aliens foreigners would be immigrants without controlling insiders as well and to enforce immigration control is to enforce control generally The author shows why this must be so and

explains why it is significant Over the course of eight chapters and an epilogue the books draws anecdotally on current and historical immigration practices in Canada the United States Australia Japan Singapore and most of the major Western European countries but the information is deployed in service of an accessible first principles argument To assess immigration he says we must think then about what we value most about our society and also come to a clearer understanding about what we mean by immigration in the first place In the conclusion he defends the need for greater freedom of movement which ultimately means a world of more open borders
