Srinivasan,2021-06-09 We are a part of the vast sea of humanity that is searching the ultimate utopia misled by the thought that successful careers and wads of currency will buy us a place here so in a bid to accumulate those wads and reach the pinnacle of successful careers we have surrendered our peace of mind unblemished souls and physical health the 24x7x365 culture has invaded this planet companies proudly flaunt the nonstop work culture slave driving their employees with promises of more greenbacks to compensate for the mental peace and happiness they have lost the taunt muscles the rigid jaws and the overstrained nerves are a few pointers to our unrelenting torture of the self So man today is sick because he thinks he is sick sickness and disease have no place in the life of person who does not accept and tolerate the self limiting thoughts which are real seeds of our myriad ailments we stand hypnotized by the belief that disease and illness are our fate and destiny rather than health and bliss which are truly our birth right and heritage in order to emerge from our mass hypnosis and collective hysteria and to experience health joy and creative fulfilment we must make a systematic application of holistic living through alternate therapies in our daily life The success of efficacy of alternate therapies he experienced provided the impetus inspiration to him to come with compendium of his documented collection over a decade in this book In effect this book makes a humble effort in finding a genuine and truly helpful lifeline for many people giving important popular alternate therapies in SINGLE WINDOW for ready reference self study and self treatment as its primary objective it is to help you live life to the hilt that his book has been written Life is not about toil and ambition alone it is about enjoying each moment it is learning to relax and take things in stride It is about the blissful enjoyment of the years granted to us on this planet Believe me you will be more successful happier and contented if you pursue your career relationships and ambitions

in a relaxed manner outlined in this book **YOU ARE NOT STUCK : Your Energies Just Need A New Direction** Arti Sharma,2025-12-07 Take a deep breath Right now as you hold this book pause and notice how you feel Do you carry a subtle tension a feeling that something isn't quite right Perhaps a sense of being trapped or limited or simply unable to move forward in the way you truly desire This feeling of being stuck is incredibly common It's like standing in quicksand struggling against something you can't quite name watching your dreams feel further and further away We look for external culprits a challenging job a difficult relationship a lack of money or even just general bad luck We believe that if those things change then we will be free But what if the quicksand isn't outside of you What if it's an illusion created within The truth a profound and liberating truth is that you are not stuck You are not trapped by your circumstances your past or even your current challenges What often makes us feel stuck are the patterns of our own thoughts Our minds powerful engines that they are sometimes get set on a single track replaying old stories reinforcing limiting beliefs and constantly looking for reasons why things can't change Think of your mind like a powerful computer If it's loaded with old inefficient programs and bogged down with too much old data it will run slowly crash often and might not even be able to open new exciting applications You wouldn't throw the computer away you'd update the software delete old files and give it a new direction **Alpjan** ,2006
