## **The Population Bomb:**

*The Population Bomb* Paul R. Ehrlich, 1971      **The Population Bomb** Paul R. Ehrlich, 1975-10-01 Dr Ehrlich reviews the case for immediate population control and outlines the responsibilities of the individual and national governments      **The Population Bomb** Paul R. Ehrlich, 1980-03-12      *The Population Bomb* Paul R. Ehrlich, 1975-02-12      **The Population Bomb** Paul R. Dr Ehrlich, 1998      *Building the Population Bomb* Emily Klancher Merchant, 2021 Building the Population Bomb carefully examines how the rise of the world's human population came to be understood as problematic by scientists and governments across the globe. It challenges our assumption of population growth as inherently problematic by demonstrating how it is our anxieties over population growth and not population growth itself that have detracted from the pursuit of economic, environmental, and reproductive justice      **The Population Bomb** Thomas B. Robertson, 2005      *Paul Ehrlich and the Population Bomb*, Presents information about Doctor Paul Ehrlich's ideas concerning overpopulation. Explains that Ehrlich wrote the book *The Population Bomb* which started a worldwide debate about the idea that overpopulation is damaging the Earth's ability to sustain life. Describes the Public Broadcasting Service's documentary about the issue. Provides information about Ehrlich's concerns and possible solutions      *The Population Bomb* Hugh Moore Fund, 1966      **Intellectual Morons** Daniel J. Flynn, 2004-09-21 Why do well-educated antiwar activists call the president of the United States the new Hitler and argue that the U.S. government orchestrated the September 11 attacks? Why does Al Gore believe that cars pose a mortal threat to the security of every nation? Why does the Princeton professor known as the father of the animal rights movement object to humans eating animals but not to humans having sex with them, and why does PETA defend that position? In other words, why do smart people fall for stupid ideas? The answer Daniel J. Flynn reveals in *Intellectual Morons* is ideology. Flynn, the author of *Why the Left Hates America*, shows how people can be so blinded to reality by the causes they serve that they espouse bizarre, sometimes ridiculous, and often dangerous positions. The most influential social movements have spawned ideologues who do not care whether an idea is good or bad, true or false, but only whether it can serve their cause. It is startling how many Americans, and particularly how many media, academic, and political elites, fall for bad ideas. The trouble is their lies become institutionalized as truth, and we all suffer as a result. In *Intellectual Morons*, Flynn reveals how rabid anti-Americans simply parrot the delusional claims of a few gurus. How the environmental movement, spawned by a scientist whose doomsday predictions are almost always wrong, has bred fanaticism, stupidity, and dishonesty. How the hero of the animal rights crowd is a crank who promotes infanticide and euthanasia. How a scientific fraud and pervert launched the sexual revolution. How abortion rights activists ignore or cover up the fact that their matron saint advocated eugenics and concentration camps. How our universities have become hothouses of leftist ideology. How historians and journalists have airbrushed history to turn a racial separatist into a civil rights icon. Filled with jaw-dropping lapses in common sense from even our most celebrated opinion leaders, *Intellectual Morons* is a welcome reality check for the

glaring excesses of today's political and cultural debates This is a sophisticated pile driver of a book guiding us through the wiles of great luminaries of the netherworld And such liveliness in the writing and such erudition I was quite fascinated by Intellectual Morons William F Buckley Jr Intellectual Morons is exceptionally aptly named The thought of all that brainpower going down the intellectual drain is sad but Daniel Flynn's description of it is hilariously on point This is must reading G Gordon Liddy Intellectual Morons is a delight a wonderful intellectual history of the past hundred years Flynn ably describes the purveyors of the bad ideas that have undermined our free society Burton W Folsom Jr professor of history Hillsdale College A famous bit of folk wisdom says You've got to stand for something or you'll fall for anything Some of the crackpot notions now fashionable in academic circles as here documented by Daniel Flynn suggest that saying is an understatement If you want to know how crazy and scary intellectual morons can get you have to read this book M Stanton Evans author of The Theme Is Freedom contributing editor to Human Events

*America's Choice* Tad R. Callister, 2022-10-05 BLESSED IS THE NATION WHOSE GOD IS THE LORD Psalms 33:12 America imperfect as it may be is still the shining light on the hill to all the world But it is now at a crossroad Will we choose to be a nation under God or without God America's Choice examines the overwhelming evidence of God's hand in the destiny of America the divine calling of the Founding Fathers their understanding that the Constitution is dependent upon a moral people that morality requires religion and that religion's purpose is to seek God's will Accordingly America's Choice explores God's will on critical moral matters such as the role of religion in the public sector abortion zero population growth and capitalism vs socialism It proposes the ultimate solution to our country's ills namely a return to faith and family In so doing this book challenges those revisionist historians judicial activists and secularists who would transform us from a nation under God to a nation without God In essence this book gives us cause to reaffirm our faith in America In the 20 years I have lived in the United States I have seen a shift in the way people think and talk about this country My reading of the situation is this nothing is more essential to the United States than asking Why does this country exist To what end was it created And then reading original sources of its founding to discover the breathtaking answers Answers that are brilliantly illustrated by Tad Callister in America's Choice Greg McKeown New York Times Bestselling Author of ESSENTIALISM and EFFORTLESS
