[Journeys to Albania; Land of Besa](#) Kalman Dubov,2024-02-18 Although tiny in comparison with other European countries Albania looms large in terms of its people culture and history Blessed by an abundance of natural resources together with the resourcefulness of its people it stands strong in the face of much larger countries that have tried to control it and subjugate its people In the face of overwhelming odds Albania stood firm refusing to be subdued to others despite that dominant country remaining on its soil for centuries Descendants from the ancient Illyrians a relatively unknown group together with an obscure language unlike any other in Europe its people are a mystery and a conundrum in the face of larger and more powerful countries The Ottoman Empire for example dominated Albania and the Balkans for five centuries but were unable to subjugate these people Albanian embers for independence were nurtured and kept alive until in the end it achieved its national aspirations Its core identity remained unchanged and strong in the face of such challenge Perhaps the most remarkable aspect of Albanian is the concept of besa a term denoting a code of honor Once given to another whether an Albanian or a stranger the Albanian would rather forfeit his life than violate this code and promise It was due to this concept and code that Jews in Albania were protected and every manner of succor was extended to them Albania remains the only country in Nazi occupied Europe when at the end of that world war there was an increase in its Jewish population rather than the reverse The Nazis considered the Jewish population in Albania to be about 200 persons In fact by war s end 2 000 people

emerged relating tales of the extraordinary courage and heroism extended to them by either Muslim or Christian Albanians To date the State of Israel s Yad Vashem has recognized 75 Albanians for its prestigious award of Righteous Among the Nations Ironically the very same code of honor that protected Jews during World War Two is now used by Albanians to perpetrate criminality across the world The Albanian Mafia controls a vast international enterprise overseeing every form of crime At its basest element the clannish hallmark of its membership is based on familial connections with the code of besa given to its leadership and other members Thereby all in the clan are considered family for whom the code connects and protects demanding total unquestioned obedience Efforts to infiltrate these clans has proven an impossible task because of the interconnected webs of duty and control exerted on all in that organization Betrayal of the clan is a violation of family and community so that total obedience is a given at all times Hence the same nobility of besa is also used negatively against society and normative social frameworks In addition Albania still retains the cultural phenomenon of the third sex where women become sworn virgins They are released from their traditional feminine role and become a man doing so by a formal oath given to twelve elders in the community Afterwards none may remind this man of a previous life as a woman Though the number of sworn virgins in Albania is small it is still present and any woman may assume this transformation despite modernity and its claims of equality The Albanian diet reflects its Mediterranean culture using olive oil and an array of vegetables that provides an abundance of health to its people There is much to learn from this ancient society I hope this book does justice to the many traditions and culture of this unique people

Studies in Modern Albanian Literature and Culture Robert Elsie,1996 This text examines contemporary Albanian literature and culture from an outsider s perspective bringing major Albanian literary works to a wide audience

Bosnian Chronicle, Or, The Days of the Consuls Ivo Andrić,1996 Set in the provincial town of Travnik then part of the Ottoman Empire Bosnian Chronicle tells of the struggle for supremacy in a region that stubbornly refuses to submit to any outsider The era is Napoleonic and the novel both in its historical scope and in its psychological subtlety is Tolstoyan Told from the viewpoint of the French consul a rationalist who struggles to make sense of Balkan life the novel presents Ottoman viziers foreign visitors and Austrian plenipotentiaries all consumed by an endless game of diplomacy and double dealing Courtly and expansive face to face they brood and scheme behind closed doors As they have for centuries the Bosnians themselves observe and endure the machinations of the greater powers that vie futilely to absorb them Ivo Andric s masterwork is imbued with the richness and complexity of a region that has brought so much tragedy to our century and known so little peace
