Feminism's Progress Carol Colatrella, 2023-08-01

Feminism's Progress builds on more than fifty years of feminist criticism to analyze narrative representations of feminist ideas about women's social roles gender inequities and needed reforms Carol Colatrella argues that popular novels short stories and television shows produced in the United States and Britain from *Little Dorrit* and *Iola Leroy* to *Call the Midwife* and *The Closer* foster acceptance of feminism by optimistically illustrating its prospects and promises Scholars students and general readers will appreciate the book's sweeping introduction to a host of concerns in feminist theory while applying a gender lens to a wide range of literature and media from the past two centuries In exploring how individuals and communities might reduce bias and discrimination and ensure gender equity these fictions serve as both a measure and a means of feminism's progress
