**Life. Why Law?** Peter van Schilfgaarde, 2019-03-25 This book is based on the assumption that the world is governed by a widespread field of interconnected laws. In this field, man-made laws, legal laws, have to coexist with the laws of nature, the laws of science, and the laws of logic. They have to find their place in relation to a certain society. They have to relate to the demands of morality, ethics, custom, and trust. They have to follow the laws of language. They have to deal with a variety of professional and esthetic rules. They have to defend their position between art and craft. Finally, and significantly, they have to cope with a host of different ideas about truth. This book approaches law as a human construct meant to strengthen society as it develops through the ages. Knowledge of the law, legal knowledge, is of doubtful value if it ignores the demands and ideals of society. The same goes for the thinking leading to legal knowledge. This book focuses on a basic concept. That concept is met if the legal thinking leading to legal knowledge reaches the level of an independent law and society-oriented contemplative discipline. A discipline which is in that sense and to that extent in touch with cherished or less cherished parts of given law.

**Another 1000 Famous Horses** FJH Glover, 2022-11-13 This 2nd book is a continuation of the 1st book. The index at the back of the book is brilliant. The contents list at the front of the book is in alphabetical order and is a list of the horses' names, gives paragraph numbers. Whereas the Index gives the Rider Owner in alphanumeric order and gives paragraph numbers. So if you do not know the name of a person's horse, you would look up the person in the Index and it would indicate the paragraph numbers to find the answer. For instance, Steptoe and Son would be under S in the Index and this would lead you to Hercules, the strong man from Greek Mythology. Or Toy Story 2 would lead you to Bullseye Books 3 and 4. I am in the process of compiling it. It's a Never Ending Story.

**Daughter of Bad Times** Rohan Wilson, 2019-05-06 A suspenseful, truthful, and compelling novel from the critically acclaimed author of *The Roving Party*. I'm a great fan of Rohan Wilson and this is his best novel yet. Favel Parrett, bestselling author of *Past the Shallows* and *When the Night Comes*. It's impossible not to consider as you read *Daughter of Bad Times* that everything in 2075 is already here now and we are doing nothing to stop it. An utterly compelling vision by one of our finest writers. Heather Rose, bestselling author of *The Museum of Modern Love*. Ferocious and brilliant. *The Australian Book Review* on *To Name Those Lost*: What better pitch than helping the refugees of the world? Who doesn't want to help refugees, right? The five Australian facilities are immigration detention centres, sure, but they're also manufacturing plants. That means two revenue streams for one facility. And we also clean up our image. We're not just a corrections company anymore, now we're building communities, we're saving lives. Rin Braden is almost ready to give up on life after the heartbreaking death of her lover Yamaan and the everyday dread of working for her mother's corrupt private prison company. But through a miracle, Yamaan has survived. Yamaan turns up in an immigration detention facility in Australia, trading his labour for a supposedly safe place to live. This is no ordinary facility; it's Eaglehawk MTC, a manufactory built by her mother's company to exploit the flood of environmental refugees. Now Rin must find a way to free Yamaan before the ghosts of her past and a string of bad choices catch up with them both. In its vision of the future, *Daughter*
