The University in Translation Suzy Harris, 2011-01-13 In recent years interest in schools outreach and academic enrichment has increased dramatically reflecting a greater social conscience and awareness of the impact that universities can have on the wider community The transferable skills that academics bring to schools need to be honed for this new learning environment as delivery methods and success benchmarks are radically different in a schools context This collection addresses the numerous issues raised when arts and humanities academics become involved with schools bringing together practitioners from a broad range of fields within the arts and humanities to share experiences and insights

A identidade galega e irlandesa a través dos textos María Dolores Gómez Penas, Alberto Alvarez Lugrís, 2005

The Poetry of Translation Matthew Reynolds, 2011-09-29 A very wide ranging book which launches a new theory of poetry translation and pursues it through readings of poem translations from across the history of English literature It engages with the key debates in translation studies and offers new interpretations of major works such as Pope s Iliad Pound s Cathay and Dryden s Aeneis

Authorizing Translation Michelle Woods, 2016-10-04 groundbreaking research on literary translation by a new generation of Literature and Translation studies scholars Investigates and moves forward currents of thinking in the discipline

Rereading Schleiermacher: Translation, Cognition and Culture Teresa Seruya, José Miranda Justo, 2015-11-30 This book celebrates the bicentenary of Schleiermacher s famous Berlin conference On the Different Methods of Translating 1813 It is the product of an international Call for Papers that welcomed scholars from many international universities inviting them to discuss and illuminate the theoretical and practical reception of a text that is not only arguably canonical for the history and theory of translation but which has moreover never ceased to be present both in theoretical and applied Translation Studies and remains a mandatory part of translator training A further reason for initiating this project was the fact that the German philosopher and theologian Friedrich Schleiermacher though often cited in Translation Studies up to the present day was never studied in terms of his real impact on different domains of translation literature and culture

The Stagecraft of Brian Friel David Grant, 2004 David Grant s study of the stagecraft of Brian Friel results from many years of professional association with the Irish playwright s work This Student Guide explores the dramatic and cultural significance of Friel s vision of Ireland the ways in which the plays might be interpreted on the stage and a synoptic view of his contribution to the theatre Of special interest is Grant s inclusion of theatrical workshops to enhance our understanding of Friel s craft

Encyclopedia of Literary Translation Into English: A-L O. Classe, 2000

A Companion to Brian Friel Richard Harp, Robert C. Evans, 2002

English Counter Russian Munir Sendich, 1999 English Counter Russian examines English Russian literary translations of works by seven renowned authors and a critic Pasternak Chukovsky Voinovich Tolstoy Dostoevsky Chekhov Hemingway and Paustovsky Focusing on translation criticism that exposes all linguistic features of the original this book includes the most salient qualities of the original s style and spirit In so doing Professor Sendich

establishes linguistic categories best suitable for detection of translation's infelicities and excellence. Such a linguistic approach has helped him draw compelling conclusions regarding the overall quality and ranking of the translations.

English and American Studies in German 2005 Paul Georg Meyer, 2006 **Twentieth-century Literary Criticism** Gale Research Company, 2001 Excerpts from criticism of the works of novelists, poets, playwrights and other creative writers 1900-1960 *Brian Friel* George O'Brien, 1995 A bibliography on the life and works of the Irish playwright. Author of other texts such as *Dancing at Lughnasa* and *Philadelphia Here I Come*. Friel is also a short story writer, journalist, critic, co-founder of the Field Day theatre company and former member of the Irish Senate. In addition to the annotated bibliography of secondary scholarship, this volume contains a bibliography of Friel's published works and a listing of productions of his plays. **PN Review**, 2006 **Voices in Translation** Gunilla M. Anderman, 2007 In choosing to render dialect and vernacular speech into Scots, Bill Findlay, to whose memory this volume is dedicated, made a pioneering contribution in safeguarding the authenticity of voices in translation. The scene of the book is set by an overview of approaches to rendering foreign voices in English translation, including those of the people to whom Findlay introduced us in his Scots dialect versions of European plays. Martin Bowman, his frequent co-translator, follows with a discussion of their co-translation of playwright Jeanne Mance Delisle. Different ways of bridging the cultural divide in the translation between English and a number of plays written in a number of European languages are then illustrated, including the custom of creating English versions, an approach rejected by contributions that argue in favour of minimal intervention on the part of the translator. But transferring the social and cultural milieu that the speakers of other languages inhabit may also cause problems in translation, as discussed by some translators of fiction. In addition, attention is drawn to the translator's own attitude and the influence of the time in which they live. In conclusion, stronger forces in the form of political events are highlighted that may also adversely or positively have a bearing on the translation process. I Read where I Am Mieke Gerritzen, Geert Lovink, Minke Kampman, 2011 I read where I am compiles 82 reflections on future forms of reading. **HJEAS**, 2003 **Translation Perspectives: The theater of translation** Marilyn Gaddis Rose, 2003 **The Field Day Archive** Cormac Ó Duibhne, 2007 **"Clearing the Ground"** Carmen Szabo, 2007 *oeClearing the Ground* The Field Day Theatre Company and the Construction of Irish Identities studies the Field Day Theatre Company with special focus on the plays that they put on stage between 1980 and 1995. It attempts to dissect their policy and observe the way in which this policy influences the discourse of the theatrical productions. Was Field Day simply the *oe*cultural wing of Sinn Féin and the IRA, or did they try to give voice to a new critical discourse challenging the traditional frames of representation? This book focuses on a thorough analysis of the way in which Field Day applied the concepts of postcolonial discourse to their own needs of creating a foundation for the ideological manifesto of the company. This study is a critique of the successes and failures of a theatre company that in a period of political and cultural crisis engaged in innovative ways of discussing the sensitive issues of identity, memory and history in Northern Ireland and the

Republic of Ireland **The Internationalism of Irish Literature and Drama** Joseph McMinn, Anne McMaster, Angela Welch, 1992 The international reputation and appeal of Irish literature are reflected in the fact that the contributors are from all corners of the world North America Europe Scandinavia Africa and India The collection reveals the extraordinary influence that Ireland has had on world literature especially as a model for colonial and nationalist cultures A host of Irish writers particularly dramatists has been translated and adapted in countries attracted to the individuality as well as the universality of their themes Very often the outsiders insight into Irish literature shows a directness and sensitivity which are most illuminating and instructive A revelation of this collection is the way so many Irish writers have embraced and been deeply influenced by the culture of other nations important new documentary work on writers such as Maria Edgeworth W B Yeats George Russell and Derek Mahon are to be found here The collection is both a celebration of a truly internationalised field of study and a tribute to a literature which has successfully emigrated throughout the world These essays will interest all those students and scholars alike who recognise the value of culture and literary pluralism and the importance of comparative studies
