A Critical Reference and Role Model Ilaria Cattabriga,Enrico Chinellato,Arshia Eghbali,Zeno Mutton,Ramona Loffredo,2024-12-18 This book offers a multivocal and interdisciplinary arena that brings together a wide range of thoughts and approaches addressing the intricacies of dealing with the historical city today Spanning across a multitude of humanistic sociological and technological outlooks it provides a multifaceted overview of current research on the city and its historicity Based on revised and extended contributions presented at two international conferences namely The Historical City as a Critical Reference and Role Model for Innovative Urban and Metropolitan Development January 26 27 2023 and The Historical City as a Field for Critical Exercise Criticism Politics Actors April 17

2023 both held at the University of Bologna this book is an insightful and thought provoking read for researchers in Architecture History Urban Studies Social Sciences and the Arts as well as professionals and policy makers dealing with historical cities   *Proceedings of the International Conference on AI Research* Carlos Goncalves,Jose Carlos Dias Rouco,
