**The assistant soccer coach** Denis Silva Puig, 2020-06-13 The assistant soccer coach has existed for decades and is a standard figure within the coaching staff with specific roles functions and responsibilities However I find it strange that nobody has yet described this profession formally I used to only be a head coach until one day I was proposed to be the assistant coach of U18 team of FC Barcelona That is when I started thinking about writing this book moved by my desire to continue learning If I wanted to train in my new role I could only do it by asking others and observing training sessions But I was missing one of the pillars that has forever supported my training studying and reading With this book I hope to cover that lack of information The book is divided into two parts the first is based on describing the assistant coach in professional soccer and I have not found a more practical way to do it than through interviews with assistant coaches Each interviewee has contributed his experiences from working with the most recognized soccer coaches I am talking about people who have worked with Vicente del Bosque Ernesto Valverde Luis Enrique Pep Guardiola Mauricio Pochettino Sergio Gonzalez Quique Sanchez Flores and Paulo Sousa The second part of the book is related to Youth soccer which I have experienced in clubs like Atletico de Madrid and FC Barcelona I propose the role of the assistant coach working in Youth soccer to be more formative and educational than what is currently given and I want to direct their effort towards two dimensions the team's sporting performance which the vast majority do and the individualized analysis of the young player which very few do This second dimension is described in the last chapter to demonstrate a new vision of assistant coaches in Youth soccer who in my view have to dedicate their time to improving the players as an athlete and as a person in a more personalized and integral way *Coaching Youth Soccer* Kevin McShane, 2010-06-28 The popularity of youth soccer in the United States has increased dramatically in recent years The number of players and spectators has risen and soccer now rivals the more traditional American sports of baseball basketball and football This is a study of current youth soccer training methods at professional clubs in Europe where soccer is an extremely competitive sport and a guide to applying those methods to young people in the United States The author draws much of his information from personal observation of

the FC Barcelona Newcastle United Glasgow Celtic Munich 1860 and Slavia Prague professional teams in Europe and provides an overview of the state of youth soccer in the United States Chapters cover such topics as facilities equipment organization and environment player evaluation training timetables and components coaching and philosophies of youth soccer Also included are approximately 100 diagrams of soccer training exercises for youth coaches *Coach Education in Football* Thomas Leeder,2022-06-09 Association Football is undoubtedly a global sport with millions of individuals participating in more than 200 countries The need for an educated football coaching workforce to deliver appropriate coaching practices has never been greater Formal coach education which is often the primary medium for developing football coaches is socially constructed meaning an array of social cultural and historical factors underpin the design and delivery of any provision *Coach Education in Football Contemporary Issues and Global Perspectives* is the first book to explicitly explore these aspects by providing critical insight into football coach education programmes from across the globe Each chapter organised via a central theme highlights a contemporary issue affecting football coach education and development within a specific country offering insights into the contextual opportunities and challenges The book covers essential topics including the progression of female football coaches coaches perspectives towards current provision technological and pedagogical advances and the historical development of formal coach education Each chapter demonstrates the complexities associated with developing football coaches within grassroots and high performance domains while providing recommendations for national governing bodies policy makers and coach developers This book is the first of its kind to explicitly investigate football coach education globally This accessible book is an important read for students academics and practitioners with an interest in sports coaching coach education and football *Play Like Pep Guardiola's Barcelona* Agustín Peraita,2016-09-22 Written by Agustin Peraita FCBEscuela Project Director at Sao Paulo FC Barcelona this book is for soccer coaches looking to understand and implement Pep Guardiola s tactical approach and coaching methodology for his 2009 2010 Barca side Contains over 50 illustrations detailing on field drills tactical diagrams and weekly planning schedules **Sports Coach** ,2004 **THE HANDBOOK FOR TRAVELLERS IN SPAIN** JOHN MURRAY,1892 *The Handbook for Travellers in Spain* Richard Ford,1892 **Hub and New York Coach-makers' Magazine** ,1889 *The Handbook for Travellers in Spain* John Murray (Firm),Richard Ford,1890 **Madrid and the Castiles.
