## **Being There Jerzy Kosinski:**

*Being There* Jerzy Kosinski, 1980      **Being There in the Age of Trump** Barbara Tapa Lupack, 2020-08-20 Jerzy Kosinski's *Being There* published in 1970 and adapted to film in 1979 was prescient in its vision of a simple man without discernible talent or political experience whose knowledge of the world comes almost exclusively from television. Yet his very shallowness establishes him as a TV celebrity and propels him to the pinnacle of American government. Both an incisive satire and a clarion call to resist the collectivizing force of the media that influences American life and shapes, distorts, and ultimately corrupts politics and culture, *Being There* offered a trenchant comment on the nature of being in the modern world of power. And it critiqued the tendency of Americans to seek mindless distraction rather than engagement and to find profundity in banal slogans and slick visuals. Issued a half century ago, Kosinski's warning not to let hollow imagery trump our good sense and become our new reality is even more urgent today. The first book-length examination of Kosinski in more than a decade, *Being There in the Age of Trump* goes beyond conventional literary and film analysis to a larger interdisciplinary and cultural study of a work still timely and popular.      *Being There and the Evolution of a Screenplay* Aaron Hunter, 2022-08-25 *Being There and the Evolution of a Screenplay* provides an insightful look at the drafting of one of Hollywood history's greatest scripts. *Being There* 1979 is generally considered the final film in Hal Ashby's triumphant 1970s career which included the likes of *Harold and Maude* 1971 and *Shampoo* 1975. The film also showcases Peter Sellers's last great performance. In 2005 the Writers Guild of America included *Being There* on its list of 101 Best Scripts. *Being There and the Evolution of a Screenplay* features three versions of the script: an early draft by Jerzy Kosinski based on his 1970 novel; a second by long-time Ashby collaborator and Oscar winner Robert C. Jones which makes substantial changes to Kosinski's; and a final draft written by Jones with Ashby's assistance which makes further structural and narrative changes. Additionally, the book features facsimile pages from one of Kosinski's copies of the scripts that include handwritten notes providing readers with valuable insight into the redrafting process. For each version, Ashby scholar Aaron Hunter adds perceptive analysis of the script's development, the relationships of the writers who worked on it, and key studio and production details. This is both a presentation of the script of *Being There* and a record of the process of crafting that script—a text that will be of interest to film fans and scholars as well as writers and teachers of screenwriting. *Evolution of a Screenplay* is the first book of its kind to so amply demonstrate the creative development of a Hollywood script.      **Being There**, 1997      **The Falcon**, 1971      *Nature & Science on the Pacific Coast*, 1915      *The New York Times Book Review*, 1988-07      **Life** Henry R.
