This long-awaited authoritative account of Bartók's compositional processes stresses the composer's position as one of the masters of Western music history and avoids a purely theoretical approach or one that emphasizes him as an enthusiast for Hungarian folk music. For Béla Bartók, composition often began with improvisation at the piano. László Somfai maintains that Bartók composed without preconceived musical theories and refused to teach composition precisely for this reason. He was not an analytical composer but a musical creator for whom intuition played a central role. These conclusions are the result of Somfai's three decades of work with Bartók's oeuvre of careful analysis of some 3,600 pages of sketches, drafts, and autograph manuscripts and of the study of documents reflecting the development of Bartók's compositions. Included as well are corrections preserved only on recordings of Bartók's performances of his own works. Somfai also provides the first comprehensive catalog of every known work of Bartók published and unpublished and of all extant draft sketch and preparatory material. His book will be basic to all future scholarly work on Bartók and will assist performers in clarifying the problems of Bartók notation. Moreover, it will be a model for future work on other major composers. This long-awaited authoritative account of Bartók's compositional processes stresses the composer's position as one of the masters of Western music history and avoids a purely theoretical approach or one that emphasizes him as an enthusiast for Hungarian music. *Bela Bartok*, 1950. **Modernism and Nation Building**, Sibel Bozdoğan, 2001. A cultural history of modern Turkish architecture and its connections to European modernism. **Bartók and His World**, Peter Laki, 1995-08-27. Béla Bartók, who died in New York fifty years ago this September, is one of the most frequently performed twentieth-century composers. He is also the subject of a rapidly growing critical and analytical literature. Bartók was born in Hungary and made his home there for all but his last five years when he resided in the United States. As a result, many aspects of his life and work have been accessible only to readers of Hungarian. The main goal of this volume is to provide English-speaking audiences with new insights into the life and reception of this musician, especially in Hungary. Part I begins with an essay by Leon Botstein that places Bartók in a large historical and cultural context. László Somfai reports on the catalog of Bartók's works that is currently in progress. Peter Laki shows the extremes of the composer's reception in Hungary, while Tibor Talli surveys the often mixed reviews from the American years. The essays of Carl Leafstedt and Vera Lampert deal with his librettists, Béla Balázs.

and Melchior Lengyel respectively David Schneider addresses the artistic relationship between Bartók and Stravinsky Most of the letters and interviews in Part II concern Bartók's travels and emigration as they reflected on his personal life and artistic evolution Part III presents early critical assessments of Bartók's work as well as literary and poetic responses to his music and personality
