Type	Mr Bruff notes on Macbeth
Reviewed	<input type="checkbox"/>

Structure

- The play opens with the three witches, which suggests they will be significant
- It creates confusion and mystery because we arrive at the end of their meeting
- The witches' first appearance is shrouded with mystery and confusion which symbolizes how their role in Macbeth's future actions is just as unclear

"Fair is foul, and foul is fair: Hover through the fog and filthy air"

- Suggests that this is a mysterious and frightening world where the supernatural holds some power
- Introduces the theme of appearances vs reality

Context

- This scene would have been immediately very interesting for the Jacobian audience because during Jacobian times practicing witchcraft was a crime punishable by death
- King James was particularly interested in the subject of witches and he wrote a book about it called *Daemonology*
- Beginning the play with this scene would grab the attention of both the contemporary audience and the king, who was an important source of revenue
- King James was already king of Scotland at the time but came to power in England in 1603, and Macbeth is believed to have been written two or three years later
