Making A Good Script Great Linda Seger:

Making a Good Script Great Linda Seger, 2010 Making a good script great is more than just a matter of putting a good idea on paper. It requires the working and reworking of that idea. *Making a Good Script Great* takes you through the whole screenwriting process from initial concept through final rewrite, providing specific methods that will help you craft tighter, stronger, and more salable scripts. While retaining the invaluable insights that placed its first two editions among the all-time most popular screenwriting books, this expanded, revised, and updated third edition adds rich and important new material on dialogue, cinematic images, and point of view, as well as an interview with screenwriter Paul Haggis. If you're writing your first script, this book will help develop your skills for telling a compelling and dramatic story. If you're a veteran screenwriter, it will help you articulate the skills you know intuitively. And if you're currently stuck on a rewrite, this book will help you analyze and solve your script's problems and get it back on track. **Book jacket**

It provides the reader with an easy-to-read handbook for identifying what audiences want and understanding their emotional needs; developing successful ideas for film and television drama; writing more effective treatments and step outlines; improving one's ability to pitch ideas and scripts; surviving development hell; handling meetings to get what you want out of them; negotiating and understanding contracts; protecting ideas, treatments, and scripts; establishing copyright for writers. *Crafting Short Screenplays That Connect* Claudia H. With her candid, conversational style, award-winning writer and director Claudia Hunter Johnson teaches you the all-important basics of dramatic technique and guides you through the challenging craft of writing short screenplays with carefully focused exercises of increasing length and complexity. In completing these exercises and applying Claudia's techniques and insights to your own work, you will learn how to think more deeply about the screenwriter's purpose, craft effective patterns of human change, and strengthen your storytelling skills.
