## **The Third Eye Book:**

*The Third Eye* Lois Duncan, 1991 High school senior Karen who worries that her psychic powers will make her seem different from other people is frightened at first when a young policeman asks her to use her gift to help the police locate missing children

*The Third Eye* Tuesday Lobsang Rampa, 1959 T Lobsang Rampa was preordained to be a Tibetan priest a sign from the stars that could not be ignored When he left his wealthy home to enter the monastery his heart was filled with trepidation with only a slight knowledge of the rigorous spiritual training and physical ordeal that awaited him This is his story a hauntingly beautiful and deeply inspiring journey of awakening within Chakpori Lamasery the temple of Tibetan medicine It is a moving tale of passage through the mystic arts of astral projection crystal gazing aura deciphering meditation and more a spiritual guide of enlightenment and discovery through the opening of the all powerful the all knowing Fascinates the reader Miami Herald

*The Opening of the Third Eye* Dr. Douglas M. Baker, 2014-03-02 The Opening of the Third Eye The human brain is a priceless computer lying perfectly maintained but almost silent None of us uses the full potential of this amazing instrument yet we all possess a secret trigger for activating its mechanism Called the Third Eye in occult language this trigger can release a vortex of psychic energy for the extension of awareness in new dimensions for speeding up or slowing down time as experienced on our planet and achieving one hundred per cent personality integration Dr Baker reveals that the Third Eye derives its power from the pineal pituitary and carotid glands allied to whirlwinds of energy known as chakras or force centres There are seven of these centres in the human body their physical location being the base of the spine the solar plexus the spleen the heart the throat the brow and the top of the head Five safe techniques for arousing the Third Eye are provided They have been practised by the author without hazard and with many rewards for over forty years In our present condition we can only observe the outer surface of the planet manifesting in gaseous liquid and solid form We are completely unaware of the subtler states of matter beneath these outward appearances But the Third Eye reveals all underlying structures This means that one could observe the termites in apparently solid wooden paneling or more constructively man's inner organs could be observed and all traces of disease in them immediately recognised with consequent enormous benefits to medical progress
