The Subconscious Speaks Erna Ferrell Grabe, Peter C Ferrell, Kathryn Colleen Rmt, PhD, 2022-02-09 As edgy as this book was for its time it is the single best explanation of how to use the subconscious mind that I have ever seen I do not say it lightly that this book is a must read for every student of the personal and spiritual journey It is that good It is short to the point incredibly practical and yet handles the discussion of the divine aspects with reverence Although the subconscious is more a Stage 6-9 subject See the Cycle of Human Development in the book Purna Asatti It is a great read for anyone at any stage of their personal journey I have added notes to the end of each chapter to explain certain ideas in more depth and to compare the ideas here to ideas you may have seen in other works from Joe Dispenza to Esther Hicks and even the ancient philosopher Hermes I am excited to share this book with you and to have it be a part of your journey May you find the answers you have been seeking
