What in the World Are Your Kids Doing Online? Barbara Melton, M.Ed., LPC,Susan Shankle, MSW LISW-CP,2007-08-14 Texting Blogging IMing Technology that has become second nature to our children remains uncharted territory for many parents What in the World Are Your Kids Doing Online tells you everything you need to know to navigate the parenting issues technology raises and arms you with the tools you need to protect your children This comprehensive all purpose guide shows you how to keep up with the latest in computer technology and the Internet even if you're a techno illiterate You'll also learn how to protect your child from cyber bullies and sexual predators monitor your child's online activity recognize the danger signs in your child's use of chat rooms and socializing sites such as MySpace decode the secret language of texting instant messaging e mail and chat rooms keep your Cyber kid healthy and fit teach your child good on line study skills help your child build healthy friendships and dating relationships both on and off line gear your rules about the Internet to your child's age and developmental stage know when to turn the computer off Includes information on how the cyber world affects children with special needs learning disorders and emotional disorders

Authorship as Promotional Discourse in the Screen Industries Leora Hadas,2020-04-30 This book discusses the use of authorship discourses and author figures in the promotion and marketing of media content dealing with the U S mainstream media including franchise film network television and triple A video games The research takes a unique approach studying ideas of authorship in promotion diverging from extant approaches looking at the text production or reception Conceptualizing authorship within the logic of media branding the book studies the construction of ideas around creativity and the creative person in marketing and publicity content where media industries communicate with audiences A cross media approach allows the book to take a broad look and make comparisons across the increasingly integrated media industries The book will be of great relevance to academics in the fields of film television and media studies including postgraduate students conducting teaching and research around authorship media industries and media promotion

Research Anthology on Fandoms, Online Social Communities, and Pop Culture Management Association, Information Resources,2022-01-28 The internet has grown to become one of the largest communication hubs in history With its ability to share content and create community bonds it has seen many fandoms and online social communities develop within the past decades While there are some detriments to these communities there are also many benefits and potential uses for the betterment of society The Research Anthology on Fandoms Online Social Communities and Pop Culture explores the ways in which the internet has presented itself as a platform for communities to gather This essential reference source discusses the engagement of these communities social media use and the uses of these communities for education Covering topics such as digital communities transmedia language learning and digital humanities this book is a vital tool for educators

of K 12 and higher education digital folklorists sociologists communications researchers online administrators community leaders and academicians

Witch Doctor #3 (Of 4) Brandon Seifert,2011-09-21 It s Dr Morrow s biggest case yet The Patient From The Black Lagoon What s the secret of the Deep Ones How do they fit in with the Relapse the Extinction Event that s coming for humankind And why are Morrow and his medical staff at each other s throats Basically I m jealous Bastards Ben Templesmith

Piracy Cultures Manuel Castells,Gustavo Cardoso EDS,2013-02-25 Piracy CulturesEditorial Introduction MANUEL CASTELLS 1 University of Southern California GUSTAVO CARDOSO Lisbon University Institute ISCTE IUL What are Piracy Cultures Usually we look at media consumption starting from a media industry definition We look at TV radio newspapers games Internet and media content in general all departing from the idea that the access to such content is made available through the payment of a license fee or subscription or simply because its either paid or available for free being supported by advertisements or under a freemium business model That is we look at content and the way people interact with it within a given system of thought that sees content and its distribution channels as the product of relationships between media companies organizations and individuals effectively a commercial relationship of a contractual kind with accordant rights and obligations But what if for a moment we turned our attention to the empirical evidence of media consumption practice not just in Asia Africa and South America but also all over Europe and North America All over the world we are witnessing a growing number of people building media relationships outside those institutionalized sets of rules We do not intend to discuss whether we are dealing with legal or illegal practices our launching point for this analysis is that when a very significant proportion of the population is building its mediation through alternative channels of obtaining content such behavior should be studied in order to deepen our knowledge of media cultures Because we need a title to characterize those cultures in all their diversitybut at the same time in their commonplacenesswe propose to call it Piracy Cultures
