An aerial photograph of a mountainous landscape. A winding path or road cuts through a valley, flanked by dense green vegetation. The terrain is rugged and hilly, with some areas appearing more barren or rocky. The sky is overcast and hazy, creating a soft, atmospheric light. The overall scene is one of a remote, mountainous region.

**Cloud-hidden, Whereabouts Unknown** Alan Watts, 1974     [Alan Watts](#) [Here and Now](#) Peter J. Columbus, Donadrian L. Rice, 2012-06-01 Considers the contributions and contemporary significance of Alan Watts     *Dreams as the Gateway to the Deity* M. Saleh Abusaidi, 2013-08-02 The book is a report on the authors study of his dreams over a period of forty years The study uncovers the reasons why we dream what dreams mean and how to understand their meanings In principle dream messages deal with three topics the identity of the human the identity of the Divine and the relation between the human and the Divine This book in addition to quoting the messages received in these three areas also fully expounds on them The authors findings disaffirm the views of theorists like Freud and his followers who hold that the sources of dreams are such factors as external stimuli and psychological states or the function of dreams are wish fulfillment and guardians of sleep Actually dreams deal with the issues that are most fundamental in life namely with what is real and unreal about our basic belief systems The approach to reality through science gives up only a partial aspect of reality Dreams reveal to us those aspects of reality which are beyond the orbit of science Dreams studied bring up the fact that humans are lost and rootless due to lack of self knowledge and erroneous concept of the Divine The great task for us today is to ferret out anew our genuine identity then we realize we are in one sense divine and in another that we are His lieutenants on earth required to work not only for the good of all but also to enhance further the concept of unity and spirituality     **Corita Kent and the Language of Pop** Susan Dackerman, 2015-01-01 Exhibition catalog published in conjunction with the exhibition held at the Harvard Art Museums Cambridge Massachusetts September 3 2015 January 3 2016 and at the San Antonio Museum of Art San Antonio Texas February 13 May 8 2016     **Rights of Nature in Europe** Jenny García Ruales, Katarina Hovden, Helen Kopnina, Colin D. Robertson, Hendrik Schoukens, 2024-04-09 This book addresses the recognition of the Rights of Nature RoN in Europe examining their conceptualisation and implementation RoN refers to a diverse set of legal developments that seek to redefine Nature s status within the law gradually emerging as a novel template for environmental protection Countries like Ecuador and New Zealand each with distinct histories and ways of dwelling in the world have pioneered a new era in environmental governance by legally acknowledging rights or personhood for nature ecosystems and more than human populations In recent years Europe has witnessed growing interest in RoN with academic legislative and political initiatives gaining momentum A significant development is the September 2022 passage of a law in the Spanish Parliament granting legal personhood and rights to the Mar Menor a saltwater lagoon severely affected by environmental degradation Given the diversity in interpretations and articulations of Rights of Nature this edited volume argues that their arrival in Europe fosters different kinds of interactions across distinct areas of law knowledge practices and societal domains The book employs a multidisciplinary approach exploring these interactions in law and policy anthropology Indigenous worldviews and jurisprudence philosophy spiritual traditions critical theory animal communication psychology and social work This book is

tailored for scholars in law political science environmental studies anthropology and cultural studies as well as legal practitioners NGOs activists and policy makers interested in ecology and environmental protection The Direct Path: An outline of the path, providing a background for approaching the practice of Mahasandhi (rDzogs-chen) Elías Capriles,1977
