Disability in Islamic Law Vardit Rispler-Chaim,2006-10-31 1 When I completed my book *Islamic Medical Ethics in the Twentieth Century* I was aware that I had omitted certain topics that I would have to return to One of these was the ethical treatment of disabilities and the disabled and of handicaps and the handicapped Since responses to burning medical dilemmas within the wide field of medical ethics was the main focus of that book it addressed ethical aspects of the doctor-patient relationship and contemporary Islamic debates on issues such as birth control and abortion artificial insemination organ transplants postmortem examinations and euthanasia The main source material was 20th century fatwas legal responses issued by various Middle Eastern muftis In this book I now wish to survey attitudes to the disabled and their disabilities as evinced by selected Sunni and Shi'i legal compilations throughout 1400 years of scholarly Islamic activity but also through contemporary fatwas The sources used for this book are a selection of medieval as well as modern legal writings medical books and articles in Arabic books and articles on medicine from an Islamic religious point of view Prophetic medicine and the Qur'an and medicine I have scrutinized all these for their consideration of people with disabilities and for the behavioral or social adjustments these people were offered mainly through legal rulings *Routledge Handbook of Islamic Ritual and Practice* Oliver Leaman,2022-06-08 Ritual and practice are one of the most distinctive features of religion and they are linked with its central beliefs Islam is no exception here and this Handbook covers many aspects of those beliefs and practices It describes the variety of what takes place but mainly why and what the implications of both the theory and practice have for our understanding of Islam The book includes accounts of prayer food pilgrimage mosques and the various legal and doctrinal schools that exist within Islam with the focus on how they influence practice The volume is organized in terms of texts groups practices places and others An attempt has been made to discuss the wide range of Muslim ritual and practice and provide a sound guide to this significant aspect of the religious life of one of the largest groups of believers in the world today **Salafi Ritual Purity** Richard Gauvain,2013 Since 9/11 Salafism has attracted a great deal of attention from the world's media which predominantly focuses on its potential for revolutionary violence Salafism remains poorly understood both in Western media where it is now the focus of considerable debate and in Western academia where until recently it was virtually undiscussed In neither arena has a consensus emerged regarding what Salafism is or does This pioneering work fills this lacuna by redirecting the reader towards the sphere of ritual practice within which the discussions of contemporary Salafi scholars prove equally revolutionary Taking the theme of ritual purity *tahara* as the leitmotif of modern Salafism this work combines an analysis of key developments in ritual purity law with detailed ethnographic investigations into ritual purity behaviour in specific Cairene settings The author's research not only bridges the gap between anthropological and Islamicist approaches to Muslim ritual but highlights the variety of ideas and experiences that contribute to Egyptian Salafism today This book will be of interest to students of Islamic studies Anthropology Religious studies as well as Middle
