Environmental Education Council, 1972 **A Statewide Partnership for Environmental Education** Pennsylvania Center for Environmental Education, 2003* **Environmental Education in the 21st Century** Joy Palmer, 2002-09-11 Environmental education is a field characterised by a paradox Few would doubt the urgency and importance of learning to live in sustainable ways but environmental education holds nowhere near the priority position in formal schooling around the world that this would suggest This text sets out to find out why this is so It is divided into six parts Part 1 is a concise history of the development of environmental education from an international perspective Part 2 is an overview of the global agenda or subject knowledge of environmental education Part 3 introduces perspectives on theory and research in environmental education Part 4 moves on to practice and presents an integrated model for planning environmental education programmes Part 5 brings together invited contributors who talk about environmental education in their own countries from 15 countries including China South Africa Sri Lanka and the USA Part 6 returns to the core questions of how progress can be made and how we can maximise the potential of environmental education for the twenty first century *Environmental Education and Advocacy* Edward A. Johnson, Michael J. Mappin, 2005-03-03 Environmental education has often blurred the distinction between ecological science and environmental advocacy Growing public awareness of environmental problems and desire for action may be contributing to this blurring There is a need to clarify the distinction between the role of ecological science and the role of social and political values for the environment within environmental education This book addresses this need by examining the changing perspectives of ecology in education and the changing perspectives of education in environmental education Guidelines are provided for assessing the science and education perspectives within environmental education along with suggested frameworks for development of programs and resources that integrate current science education and action This book will be of interest to environmental educators

ecologists interested in environmental education and curriculum and resource developers *Environmental Education, Ethics and Action in Southern Africa* Human Sciences Research Council, 2002 On the imperative of sustainable development a philosophical and ethical appraisal Johan Hattingh Integrating economic development social justice and ecological sustainability a case of sustainable development in the waste industry eThekweni Unicity Durban Sara Freeman Ndyebo Mgingqizana Environmental management expertise uncertainty responsibility Mike Ward Decentralising environmental management in Malawi the challenge of capacity building Martin Mkandawire Policy playing out in the field a case study of the implementation of sustainable agriculture in Uganda Daniel Babikwa The evolution of people and parks relationships in South Africa s National Conservation Organisation Kevin Moore Lynette Masuku van Damme Industry and sustainability a review through critical discourse analysis Leigh Price Challenges for environmental journalism in Africa a case story of NGO based journalism in ecological youth of Angola Vladimir Russo Curriculum patterning in environmental education a review of developments in formal education in South Africa Heila Lotz Sisitka Indigenous knowledge and the school curriculum a review of developing methods and methodological perspectives Rob O Donoghue Edgar Neluvhalani Sustainable development in a post colonial context the potential for emancipatory research Tsepo Mokuku Ambivalent globalising influences in a local context the case of an environmental education practitioner s experience in Zambia Justin Lupele International Handbook of Research on Environmental Education Robert B. Stevenson, Michael Brody, Justin Dillon, Arjen E.J. Wals, 2013-05-02 The environment and contested notions of sustainability are increasingly topics of public interest political debate and legislation across the world Environmental education journals now publish research from a wide variety of methodological traditions that show linkages between the environment health development and education The growth in scholarship makes this an opportune time to review and synthesize the knowledge base of the environmental education EE field The purpose of this 51 chapter handbook is not only to illuminate the most important concepts findings and theories that have been developed by EE research but also to critically examine the historical progression of the field its current debates and controversies what is still missing from the EE research agenda and where that agenda might be headed Published for the American Educational Research Association AERA **PreK-8 Environmental Education Activity Guide** ,2015-05 **Environmental Education** Oshkosh Area School District (Oshkosh, Wis.).
