Israel S Nuclear Program:

Lessons to be Learned from Non-proliferation Failures and Successes A. I. Nikitin, 2009 Assessing sticks and carrots in the non proliferation arsenal of the world community this book compares UN based and national level sanctions and efforts aimed at reassuring non proliferation It deals with the lessons learned or that need to be learned from the concrete regional cases of proliferation or its risks The Shifting Global Balance of Power: Perils of a World War and Preventive Measures Dr. Yana Korobko, Mahmoud Musa, 2014-06-09 Many believed that the world would remain everlastingly unchangeable in the aftermath of victory of the Allies the United States the Soviet Union China United Kingdom and France in World War II They remodeled the world map amongst themselves and affirmed that they will be guarantors of the international status quo However those who pledged to conserve peace are now breaking it leading the planet to the edge of clash This book differs from all others that dealt with possible World War III scenarios since it combines knowledge in the fields of history international relations economics sociology and psychology and philosophy Thus giving the reader a broader outlook on such matters as Potentially risky world war scenarios Dialogue between the West and Islam New emerging superpowers Psychological and Cyber Warfare Preventive mechanisms such as early warning and preparedness operations Monthly Catalog of United States Government Publications ,1992 **Monthly Catalogue, United States Public Documents** ,1992

The Worst-Kept Secret Avner Cohen, 2010-10-15 Israel has made a unique contribution to the nuclear age It has created a special bargain with the bomb Israel is the only nuclear armed state that does not acknowledge its possession of the bomb even though its existence is a common knowledge throughout the world It only says that it will not be the first to introduce nuclear weapons to the Middle East The bomb is Israel s collective ineffable the nation s last great taboo This bargain has a name in Hebrew it is called amimut or opacity By adhering to the bargain which was born in a secret deal between Richard Nixon and Golda Meir Israel has created a code of nuclear conduct that encompasses both governmental policy and societal behavior The bargain has deemphasized the salience of nuclear weapons yet it is incompatible with the norms and values of a liberal democracy It relies on secrecy violates the public right to know and undermines the norm of public accountability and oversight among other offenses It is also incompatible with emerging international nuclear norms Author of the critically acclaimed *Israel and the Bomb* Avner Cohen offers a bold and original study of this politically explosive subject Along with a fair appraisal of the bargain s strategic merits Cohen critiques its undemocratic flaws Arguing that the bargain has become increasingly anachronistic he calls for a reform in line with domestic democratic values as well as current international nuclear norms Most ironic he believes Iran is imitating Israeli amimut Cohen concludes with fresh perspectives on Iran Israel and the effort toward global disarmament *Kicking the Hornet's Nest* Daniel E Zoughbie, 2025-10-07 The compelling groundbreaking investigation of how the choices of twelve US presidents from Truman to Trump have fueled turbulence and turmoil in the Middle East And the one president who chose a better way *Kicking the Hornet s Nest* is a riveting exploration

of how twelve US presidents have shaped the Middle East often unleashing instability and conflict along the way It is also the story of one US president who successfully charted a better course From Truman to Trump Daniel Zoughbie meticulously unpacks the decisions that have set the stage for today s unrest But this book is more than just a history lesson it s a sharp analysis of presidential decision making and its far reaching consequences Today the Middle East stands as a volatile landscape more tumultuous than at any time since the fall of the Ottoman Empire Zoughbie paints a vivid picture of how nearly every major nation state in the Middle East and North Africa has grappled with existential crises in the recent years paving the way for terrorist groups to threaten national sovereignty and for local conflicts to destabilize world order Drawing on a vast array of primary sources and interviews with world leaders the narrative explores pressing issues like nuclear proliferation genocide and nationalist conflicts fueled by sectarian fervor that have triggered global refugee waves Kicking the Hornet s Nest is an eye opening study of US presidential decision making and foreign policy With compassion and insight Zoughbie reveals the essential information necessary for anyone seeking to understand eight decades of US foreign policy and its profound impact on billions of lives worldwide

Palestine/Israel Directory ,1996 **The Wall Street Journal** ,2009 *The New York Times Index* ,2009 *The Official Washington Post Index* ,1990 **Contours of Israel's New Strategic Thinking** Efraim Inbar,1996 Israel: From war to peace? Efraim Karsh,2000 The end of the British mandate in Palestine heralded the birth of the new state of Israel It also marked the end of one of the most tumultuous and momentous chapters in Israeli history But the new state born into a hostile environment and struggling with the manifold demands of sovereignty would have to face many post Independence challenges to its existence not least in the form of armed conflict and confrontation with its Arab neighbours This volume examines the conflicts that from the 1948 until the 1967 Six Day War came to define the Israeli struggle for existence

The Presidency of Harry S. Truman Donald R. McCoy,1984 In this volume in the American Presidency Series McCoy recounts and evaluates the record of the Truman Administration and identifies its distinctiveness and relations to the past its own time and the future Focusing on the problems that faced the United States between 1945 1953 he explains how Truman s vigor in championing civil rights health labor education and natural resource policies brought him immense unpopularity and how despite this Truman triumphed in 1948 winning bipartisan support for his foreign and military policies The author depicts Truman as an honest hard working capable and complex man and describes his relationships with his staff Congress foreign representatives the judiciary political parties the press the public and influential private citizens ISBN 0 7006 0252 6 25 00 Israel Studies ,2002 **Scandinavian Journal of Development Alternatives** ,1987 **Congressional Record** United States.
