James henry Breasted

James Henry Breasted:

American Egyptologist Jeffrey Abt, 2012-05-01 James Henry Breasted 1865-1935 had a career that epitomizes our popular image of the archaeologist: Daring, handsome, and charismatic, he traveled on expeditions to remote and politically unstable corners of the Middle East, helped identify the tomb of King Tut, and was on the cover of Time magazine. But Breasted was more than an Indiana Jones; he was an accomplished scholar, academic entrepreneur, and talented author who brought ancient history to life not just for students but for such notables as Teddy Roosevelt and Sigmund Freud. In *American Egyptologist*, Jeffrey Abt weaves together the disparate strands of Breasted's life from his small-town origins following the Civil War to his evolution into the father of American Egyptology and the founder of the Oriental Institute in the early years of the University of Chicago. Abt explores the scholarly, philanthropic, diplomatic, and religious contexts of his ideas and projects, providing insight into the origins of America's most prominent center for Near Eastern archaeology. An illuminating portrait of the nearly forgotten man who demystified ancient Egypt for the general public, *American Egyptologist* restores James Henry Breasted to the world and puts forward a brilliant case for his place as one of the most important scholars of modern times.

Pioneer to the Past (Abridged, Annotated) Charles Breasted, 1945-01-01 The challenging and exciting life of James Henry Breasted spanned the most important years of the early western exploration of ancient Egypt. He was at the center of turbulent and world-changing events, including World War I and the discovery of the tomb of Tutankhamun by Howard Carter. An immensely talented scholar, he explored the Nile Valley and its antiquities in the late 19th and early 20th centuries, recording inscriptions and participating in digs with men like Petrie. At his side was his wife as well as his son Charles, who wrote this admiring work about the life and times of his father. James Breasted was consulted by such men as General Allenby during WWI. When Howard Carter discovered Tut's tomb in 1922, one of the first men he and his patron Lord Carnarvon contacted was Breasted. He not only saw the tomb shortly after its discovery, but his effort to mediate between Carter and the Egyptian government when Carter was later locked out of the tomb is detailed here. You cannot understand ancient Egypt or modern Egyptology without knowing about Breasted's remarkable life. He was the founder of the Oriental Institute at the University of Chicago. For the first time, this long-out-of-print volume is available as an affordable, well-formatted book for e-readers, tablets, and smartphones. Biographical Memoir of James Henry Breasted, 1865-1935, etc. [With a portrait and a bibliography.] John Arthur WILSON, James Henry BREASTED (the Elder.), 1938 **Pioneer to the Past** Charles Breasted, 2020-12-31 *Pioneer to the Past* tells the intensely human, often poignantly moving story of the brilliant career of James Henry Breasted, one of the greatest Egyptologists and archaeologists America has yet produced. Breasted's greatest achievement was the founding of the Oriental Institute at the University of Chicago in 1919 through the generous support of John D. Rockefeller Jr. The Oriental Institute embodies Breasted's vision of an interdisciplinary research center that unites archaeology, textual studies, and art.
