JG Ballard Crash:

Crash J. G. Ballard, 1975 *Crash* J. G. Ballard, 2017-12-05 Originally published in Great Britain by Jonathan Cape J. G. Ballard's "Crash" Paul March-Russell, 2025 J G Ballard's Crash 1973 remains a byword for transgression in literature declared too disgusting for words upon publication The basis for David Cronenberg's equally provocative film Crash has been regarded variously as the apotheosis of New Wave science fiction the ur source for postmodernism a transhumanist manifesto and a pornographic masterpiece in the tradition of Sade and Bataille This revisionist account based on previously unexplored archive material shatters the myths that have accrued around this tantalising work whilst also revealing why it continues to inspire writers artists musicians and filmmakers in the 21st century The book vividly reconstructs how Ballard came to write Crash the cultural landscape in which it was written the effect of its reception and the toll it took on its author New perspectives reveal how Crash reworks surrealist anthropology evolutionary theory and pornographic imagery in order to expose a society addicted to the abuse of power the silencing of others and its own environmental destruction As Ballard later admitted he must have been mad to write Crash **Crash: The Collector's Edition** J. G. Ballard, 2017-04-06 A special limited edition of J G Ballard's cult post modern and shocking novel **Crash !** James Graham Ballard, Louit, 2004 Apr's avoir connu l'expérience d'un accident de voiture le narrateur est pris de fascination pour les crashes automobiles En l'par Vaughan un ancien scientifique qui organise des reconstitutions d'accidents célèbres et qui pour assouvir ses pulsions va jusqu'à provoquer il est initié une nouvelle forme de sexualité le mariage de la violence du désir et de la technologie Un classique de la littérature contemporaine **Flesh Meets Metal: Destruction and Possibility in J. G. Ballard's Crash** □□ □, 2018 *Crash* Iain Sinclair, 2019-07-25 David Cronenberg's Crash 1996 brought down a storm of controversy and opprobrium when it was first screened in London And yet it's a cool controlled formal film unsensational more analytic than titillating a brilliant exposé of modern pathologies It has almost none of the violence and explicit sexual content of the J G Ballard novel from which it is adapted What is the relationship between Ballard himself and the character James Ballard in Crash In this book which includes an exclusive and revealing interview with Ballard Sinclair explores the uncanny temporal loop which connects film and novel If Cronenberg's adapted Crash he also absorbed it ingested it made it into something new But on the other hand the novel controls the film or uses the film to disguise its truly subversive intent And for Sinclair there are more startling permutations still To what extent for example is Crash a premonition of some of the more remarkable media events of recent times **European Literature from Romanticism to Postmodernism** Martin Travers, 2001-01-01 An anthology of key theoretical writings by the major representatives of the schools and movements of European literature Each chapter in this book is devoted to one particular school of movement from within a body of literature from romanticism realism and modernism through to the literature of political engagement of the 1920s and 1930s Who's Afraid of ...? Marion Gymnich, 2012 Fear in its many facets appears to constitute an intriguing and compelling subject matter for writers

and screenwriters alike The contributions address fictional representations and explorations of fear in different genres and different periods of literary and cultural history The topics include representations of political violence and political fear in English Renaissance culture and literature dramatic representations of fear and anxiety in English Romanticism the dramatic monologue as an expression of fears in Victorian society cultural constructions of fear and empathy in George Eliot s *Daniel Deronda* 1876 and Jonathan Nasaw s *Fear Itself* 2003 facets of children s fears in twentieth and twenty first century stream of consciousness fiction the representation of fear in war movies the cultural function of horror film remakes the expulsion of fear in Kazuo Ishiguro s novel *Never Let Me Go* and fear and nostalgia in Mohsin Hamid s post 9 11 novel *The Reluctant Fundamentalist*

Future Nostalgia Shelton Waldrep,2015-10-22 Although David Bowie has famously characterized himself as a leper messiah a more appropriate moniker might be rock god someone whose influence has crossed numerous sub genres of popular and classical music and can at times seem ubiquitous By looking at key moments in his career 1972 1977 79 1980 83 and 1995 97 through several lenses theories of sub culture gender sexuality studies theories of sound post colonial theory and performance studies Waldrep examines Bowie s work in terms not only of his auditory output but his many reinterpretations of it via music videos concert tours television appearances and occasional movie roles *Future Nostalgia* looks at all aspects of Bowie s career in an attempt to trace Bowie s contribution to the performative paradigms that constitute contemporary rock music

Violence and Dystopia Daniel Cojocar,2015-09-18 *Violence and Dystopia* is a critical examination of imitative desire scapegoating and sacrifice in selected contemporary Western dystopian narratives through the lens of Ren Girard s mimetic theory The first chapter offers an overview of the history of Western utopia dystopia with a special emphasis on the problem of conflictive mimesis and scapegoating violence and a critical introduction to Girard s theory The second chapter is devoted to J G Ballard s seminal novel *Crash* 1973 Chuck Palahniuk s *Fight Club* 1996 and *Rant* 2007 and Brad Anderson s film *The Machinist* 2004 It is argued that the car crash functions as a metaphor for conflictive mimetic desire and leads to a quasi sacrificial crisis as defined by Girard for archaic religion The third chapter focuses on the psychogeographical writings of Iain Sinclair and Peter Ackroyd *Walking the streets of London* the pedestrian represents the excluded underside of the world of Ballardian speed The walking subject is portrayed in terms of the expelled victim of Girardian theory The fourth chapter considers violent crowds as portrayed by Ballard s late fiction the writings of Stewart Home and David Peace s *GB84* 2004 In accordance with Girard s hypothesis the discussed narratives reveal the failure of scapegoat expulsion to restore peace to the potentially self destructive violent crowds The fifth chapter examines the post apocalyptic environments resulting from failed scapegoat expulsion and mimetic conflict out of control as portrayed in Sinclair s *Radon Daughters* 1994 Margaret Atwood s *The Handmaid s Tale* 1985 and *Oryx and Crake* 2003 and Will Self s *The Book of Dave* 2006
