**Complete English Grammar Rules** Peter Herring, 2016-07-15 Examples Exceptions Exercises and Everything You Need to Master Proper Grammar Complete English Grammar Rules is a comprehensive English grammar guide covering both basic and advanced grammar rules Learn proper English grammar with simple in depth explanations featuring key exceptions common grammar mistakes and thousands of real world usage examples plus valuable grammar exercises every topic includes a grammar quiz With Complete English Grammar Rules you'll be able to

Quickly master basic English grammar while learning more advanced topics along the way Easily identify nouns pronouns verbs adjectives adverbs prepositions and other parts of speech Master verb tenses and conjugation including irregular verbs and exceptions Learn about every type of sentence and avoid common writing mistakes Test your knowledge with grammar quizzes designed to help you retain the most important information Finally you can get answers to all your questions about grammar Complete English Grammar Rules gives you all the rules of grammar all in one place logically organized in a user friendly format Preface Grammar is without a doubt one of the most daunting aspects of the English language an area riddled with complexities inconsistencies and contradictions It has also been in a state of flux for pretty much its entire existence For native speakers of English as well as for those learning it as a new language grammar presents a very serious challenge to speaking and writing both accurately and effectively Having a single reliable go to reference guide should therefore be indispensable to those trying to learn improve or perfect their speech or writing This book is that guide a clear unambiguous and comprehensive source of information that covers all the relevant topics of English grammar while still being easy to understand and enjoyable to read Every topic in the book has been broken down into basic units Each unit can be read and understood in its own right but throughout the book you will find cross references to other sections and chapters to help make it clear how all the pieces fit together If you're having trouble understanding something try going back or forward to other related topics in the book Finally it must be mentioned that because English is such a flexible inconsistent language the rules that are often bandied about are usually not rules at all but rather guides that reflect how the language is used Accordingly the guidelines contained within this book are just that guidelines They are not intended to provide constrictive or proscriptive rules that confine everyone to a particular way of speaking or writing Learning how the English language works will enhance your engagement with speech and writing every day from the books you read to the e-mails you write to the conversations you have with friends and strangers alike As such mastering grammar is not an exercise that is confined to the classroom While it is certainly important to learn the structures styles and rules that shape the language the key to truly learning English is to read and listen to the way people write and speak everyday from the most well known authors to the people you talk to on the bus Take the information you find in this book and carry it with you into the world P Herring
