Ofori-Attah, 2008-07-30 The Middle East and North Africa are constantly in the news due to political turmoil and it is difficult for students in those countries to attend school and live the life of a child or teenager What is it really like This volume traces the history of education in countries of the Middle East and North African region identifying the types of education available for different genders and social classes and how race ethnicity and gender affect education for those students Primary Secondary and Post Secondary educational opportunities are examined along with curriculum and teaching methods Major reforms and philosophies are also presented Countries included are Algeria Morocco Tunisia Egypt Libya Saudia Arabia Iran Iraq Israel Jordan Syria Lebanon **Diversity Amid Globalization** Rowntree, Les, Lewis, Martín, Price, Wyckoff, William, *God's Image and Global Cultures* Kenneth Nehrbass, 2016-08-26 Globalization has raised numerous questions about theology and culture for Christians How should we respond to outsourcing and immigration How does anti Western sentiment affect the proclamation of the gospel What is the role of the church in society This book argues that Christians will be most fulfilled and most effective if they embrace their cultural

activity rather than feel ambivalent about it The central question of this book is how does bearing God s image relate to cultural activity Nehrbass explains that spheres of culture such as political technological and social structures are systems that God has instilled in humans as his image bearers so that they can glorify and enjoy him forever Therefore a theology of culture involves recognizing that the kingdom of God encompasses heaven and Earth rather than pitting heaven against Earth The text surveys anthropological explanations for humanity s dependence on culture and shows that each explanation provides only partial explanatory scope The most satisfying explanation is that a major functional aspect of bearing God s image is engaging in culture since the Trinity has been eternally engaged in cultural functions like ruling communicating and creating Each chapter contains a summary and questions about what it means to be a world changer in the twenty first century
