Does Technology Drive History Dilemma Of Technological Determinism:

Does Technology Drive History? Merritt Roe Smith, Leo Marx, 1994-06-02 These thirteen essays explore a crucial historical question that has been notoriously hard to pin down To what extent and by what means does a society's technology determine its political social economic and cultural forms These thirteen essays explore a crucial historical question that has been notoriously hard to pin down To what extent and by what means does a society's technology determine its political social economic and cultural forms Karl Marx launched the modern debate on determinism with his provocative remark that the hand mill gives you society with the feudal lord the steam mill society with the industrial capitalist and a classic article by Robert Heilbroner reprinted here renewed the debate within the context of the history of technology This book clarifies the debate and carries it forward Marx's position has become embedded in our culture in the form of constant reminders as to how our fast changing technologies will alter our lives Yet historians who have looked closely at where technologies really come from generally support the proposition that technologies are not autonomous but are social products susceptible to democratic controls The issue is crucial for democratic theory These essays tackle it head on offering a deep look at all the shadings of determinism and assessing determinist models in a wide variety of historical contexts Contributors Bruce Bimber Richard W Bulliet Robert L Heilbroner Thomas P Hughes Leo Marx Thomas J Misa Peter C Perdue Philip Scranton Merritt Roe Smith Michael L Smith John M Staudenmaier Rosalind Williams
