dedicated The translation was later revised and annotated by bishop Richard Challoner between 1749 1752 whose edition has been since then the standard for all printed editions although his notes are omitted herein This edition includes ONLY the New Testament in a relatively larger font size than the commonly used size in Bibles which publishers prefer to use to reduce the bulk of the Bible It is hoped this edition will satisfies the need of readers who continue to complain about how difficult is to read the Bible with a tiny font size
