Exploring Marketing Research William G. Zikmund, 2010      *Exploring Marketing Research* William G. Zikmund, 1996-08-01      **Fundamentals of Business-to-Business Marketing** Michael Kleinaltenkamp, Wulff Plinke, Ian Wilkinson, Ingmar Geiger, 2015-03-02 This textbook gives a comprehensive overview of the key principles of business marketing. The reader will be introduced into methods and theories in order to understand business markets and marketing better. Not only are the principles of business marketing addressed but also deep knowledge of organizational buying and market research on business markets. The book sets the stage for developing marketing programs for business markets in their different facets.

Ethics in Research Practice and Innovation Sandu, Antonio, Frunza, Ana, Unguru, Elena, 2018-11-16 A particularly important component of any research project is its ethical dimensions which can refer to varied categories of practice from the protection of human subjects involved in medical and social research to the publication of results research. More recently with the estimation of the possible consequences of the implementation of technology it is important for today's researchers to address the standards of scientific practice and avoid unethical behavior. *Ethics in Research Practice and Innovation* is an essential reference source that discusses current and historical aspects of ethical values in scientific research and technologies as well as emerging perspectives of conducting ethical research in a variety of fields. Featuring research on topics such as clinical trials, human subjects, and informed consent, this book is ideally designed for practitioners, medical professionals, nurses, researchers, scientists, scholars, academicians, policy makers, and students seeking coverage on the ethical risks and limitations of research practice.

**Service Science Research, Strategy and Innovation: Dynamic Knowledge Management Methods** Delener, N., 2012-01-31 This book explores areas such as strategy development, service contracts, human capital management, leadership management, marketing, e-government, and e-commerce. **Designing and Managing a Research Project** Michael Jay Polonsky, David S. Waller, 2018-10-03 *Designing and Managing a Research Project: A Business Student's Guide* is a practical step-by-step guide that shows business students how to successfully conduct a research project from choosing the topic to presenting the results. The authors have applied their many years of experience in supervising student projects to provide examples of actual research problems and to offer practical solutions. The inclusion of topics such as supervision, group work, and ethics, and both qualitative and quantitative data analysis, along with examples from real student research, provide a unique perspective. The new Fourth Edition includes broader types of student project examples such as an Economics thesis, additional international business cases, increased coverage of Questionnaire Design and Institutional Review Boards, and an integrated case throughout the book on High Performance Shoes with supporting materials and data. Additional resources including case studies, PowerPoint slides, and test bank are available on the authors' website.
