Reclaiming Ezer Stephanie J. Bernard, Logan H. Bernard, 2026-01-08 This book is for readers who have ever wondered if they are truly fulfilling God's purpose for their lives. Society is often allowed to dictate how people navigate their lives, determining what they should pursue, who they should become, and what success should look like. In a world with such influence, it is essential that women of faith understand their purpose through the lens of the one who made them. *Reclaiming Ezer: A Call to Restore and Embrace Your True Superpower* takes readers back to the beginning when God created Eve and called her Ezer. Ezer, referenced in approximately twenty-one verses in the Old Testament, is used primarily to describe God as rescuer, strong protector, and a constant help for his people. Understanding the beauty of this distinction provides amazing insight into God's original design for women and offers guidance when God's purpose seems unclear. God created women to be powerful allies in the pursuit of his purpose, so women should never allow this world to make them doubt their value, dim their light, or distract them from their God-given mission. Women should take their cues from the only one equipped and armed with the authority to define them: the Creator himself.

The Book of Five Arts: Martial Arts Training Manual Al Case, 2019-02-08 From Al Case, inventor of Matrixing Martial Arts Technology, comes the ultimate Martial Arts book. *The Book of Five Arts* features five martial arts, including forms, two-man forms, matrixing charts, and procedures showing how the martial arts evolve from hard to soft. Miyamoto Musashi, centuries ago, wrote *The Book of Five Rings*. It has become the standard for martial arts strategy. In *The Book of Five Arts*, Al has described five arts, enabling the reader to actually go through the martial arts and see the whole picture. This will enable them not to just read about a strategy and wonder how it works, but to experience the strategy and KNOW how it works. There are matrixing charts and procedures throughout the book. These charts take out all the blank spots, enabling the reader to see how to make a martial art perfect. The reader will be able to use this data to fix his own martial art. Most important, the reader will finally see the complete procedure for making the martial arts into one art, how they fit together, and why. The book is 164 pages with over 300 illustrations. Arts include Matrix Karate, Shaolin Butterfly, Butterfly Pa Kua Chang, Matrix Tai Chi Chuan, Monkey Boxin.

Special Edition Daniel Einstein, 1997 The second of two volumes which, when taken together, provide a comprehensive overview of network television news, documentary news magazine, and special news programming broadcast over ABC, CBS, and NBC from the 1950s through the 1980s.
