Head First Java 3rd Edition:

Head First Java Kathy Sierra, Bert Bates, Trisha Gee, 2022-05-12 What will you learn from this book Head First Java is a complete learning experience in Java and object oriented programming With this book you ll learn the Java language with a unique method that goes beyond how to manuals and helps you become a great programmer Through puzzles mysteries and soul searching interviews with famous Java objects you ll quickly get up to speed on Java s fundamentals and advanced topics including lambdas streams generics threading networking and the dreaded desktop GUI If you have experience with another programming language Head First Java will engage your brain with more modern approaches to coding the sleeker faster and easier to read write and maintain Java of today What s so special about this book If you ve read a Head First book you know what to expect a visually rich format designed for the way your brain works If you haven t you re in for a treat With Head First Java you ll learn Java through a multisensory experience that engages your mind rather than by means of a text heavy approach that puts you to sleep

JavaServer Faces Hans Bergsten, 2004-04-22 With this text developers will learn to use the new JavaServer Faces framework to build real world web applications It covers topics such as the JSF environment validating input controlling page navigation working with tabular data and developing custom renders and custom components

Java Cookbook Ian F Darwin, 2004-06-14 Covers all of the major APIs from Java 1.4 and 1.5 Covers many specialized APIs including those for working with Struts Ant and other Open Source tools

JavaServer Pages Hans Bergsten, 2004 This revised and updated edition of this practical guide is for both Web developers who want to make the most of Java Server Pages JSP potential for building dynamic Web applications and programmers who want to master the JSP API and use JSP effectively in a distributed enterprise application

Ajax on Java Steven Douglas Olson, 2007-02-22 Provides information on building Web applications using Ajax and Java

Head First Java Kathy Sierra, Bert Bates, 2005-02-09 Learning a complex new language is no easy task especially when it s an object oriented computer programming language like Java You might think the problem is your brain It seems to have a mind of its own a mind that doesn t always want to take in the dry technical stuff you re forced to study The fact is your brain craves novelty It s constantly searching scanning waiting for something unusual to happen After all that s the way it was built to help you stay alive It takes all the routine ordinary dull stuff and filters it to the background so it won t interfere with your brain s real work recording things that matter How does your brain know what matters It s like the creators of the Head First approach say suppose you re out for a hike and a tiger jumps in front of you what happens in your brain Neurons fire Emotions crank up Chemicals surge That s how your brain knows And that s how your brain will learn Java Head First Java combines puzzles strong visuals mysteries and soul searching interviews with famous Java objects to engage you in many different ways It s fast it s fun and it s effective And despite its playful appearance Head First Java is serious stuff a complete introduction to object oriented programming and Java You ll learn everything from the fundamentals to advanced topics including threads network sockets

and distributed programming with RMI And the new second edition focuses on Java 5 0 the latest version of the Java language and development platform Because Java 5 0 is a major update to the platform with deep code level changes even more careful study and implementation is required So learning the Head First way is more important than ever If you ve read a Head First book you know what to expect a visually rich format designed for the way your brain works If you haven t you re in for a treat You ll see why people say it s unlike any other Java book you ve ever read By exploiting how your brain works Head First Java compresses the time it takes to learn and retain complex information Its unique approach not only shows you what you need to know about Java syntax it teaches you to think like a Java programmer If you want to be bored buy some other book But if you want to understand Java this book s for you

JUnit Pocket Guide Kent Beck,2004 JUnit created by Kent Beck and Erich Gamma is an open source framework for test driven development in any Java based code JUnit automates unit testing and reduces the effort required to frequently test code while developing it While there are lots of bits of documentation all over the place there isn t a go to manual that serves as a quick reference for JUnit This Pocket Guide meets the need bringing together all the bits of hard to remember information syntax and rules for working with JUnit as well as delivering the insight and sage advice that can only come from a technology s creator Any programmer who has written or is writing Java Code will find this book valuable Specifically it will appeal to programmers and developers of any level that use JUnit to do their unit testing in test driven development under agile methodologies such as Extreme Programming XP another Beck creation
