Travel Hacking Secrets Sebastian Ritter,2017-04-07 *Travel Hacking* is a term that s been thrown around a million times over With so much information

available online you're basically given a hundred different concepts but no real direction. This book aims to change that. Combining technical wisdom with real-world achievable action steps, I'll give you the nuts and bolts of travel hacking: the methods, steps, and resources I used to get the absolute best travel experiences available with the least amount of money possible. Here's what you'll learn: How to properly set a travel goal and determine the miles you need for your dream trip; How airline alliances work and which cards to sign up for; Strategies on how to meet the minimum spend and rack up your mileage; How to track your miles efficiently; And ultimately how to redeem your miles for free or upgraded flights, cheap transportation, and hotel stays. Do you want to jump into travel hacking with a clear and simple plan in place? Want to start without having to spend hours on research and weighing the countless options available? Want to know how to lay the foundation for earning miles, racking up your mileage, and redeeming those miles to fund free or very low-cost trips? This is the blueprint you've been waiting for. Because you go online and see it every day: average working-class people who are able to see their travel dreams come to life. It could be your co-worker who just filed a leave to see the Big 5 in Africa, or your neighborhood Instagrammer who seems to be traversing one country after another. You'd love to do the same, only you don't have the money to do so. And money, in fact, is the biggest factor that comes between most people and their travel goals. My name is Sebastian Ritter, and like you, I don't have lots of it either. I've travelled to 15 countries, seen 5 of 7 continents, using airline miles almost entirely. I removed money from the equation and used my know-how in travel hacking to be able to travel wherever I want, whenever I want, and as frequently as I do. And I want to show you that you can do it too. There are millions of sources online on Travel Hacking, and it can be confusing with all those flight alliances, rewards programs, credit cards, and promotions involved. I created this resource to keep you from having to visit a million websites and go through a hundred different concepts. Here, I provide the nuts and bolts of travel hacking, discussing in clear detail the exact steps, methods, and resources that you need to earn hundreds of thousands of miles, fly first class, and get a free stay in a hotel suite. And you don't even need to travel a lot to do so, as it's possible to earn your miles right from the comfort of your own home. If you're new to travel hacking or have simply given up because of the lack of a solid resource on the subject, this is the blueprint you've been waiting for. So let's get started. Sincerely, Sebastian Ritter
