Platforms like Facebook, Instagram, X, and YouTube have turned audiences into active participants who engage, comment, and even produce news. For mass communication and journalism, this shift offers wider reach and real-time interaction but also creates challenges such as misinformation, fast-paced news cycles, and the need for stronger ethical standards and digital literacy. Social media has changed how information is created, shared, and consumed in society. Platforms like Facebook, Instagram, X, and YouTube allow instant global communication. Audiences are now active participants who comment, share, and create content. Journalism benefits from faster news distribution and wider reach. Challenges include misinformation, fake news, and algorithm influence. Strong ethics, fact-checking, and digital literacy are essential in modern mass communication. **Global Trends in Media Education** Tony Lavender, Birgitte Tufte, Dafna Lemish, 2003 Over the last decades, Media Education has gradually obtained an educational status in many countries throughout the world, although few countries have actually incorporated this subject in their formal school curricula.
