The Effects of Trauma Jim Banks, 2011-03. The following book describes a prayer tool that I stumbled across in late 2009 by putting pieces of the teachings of three of God's faithful servants together and adding a couple of others' steps. The power of it to virtually eliminate many of the symptoms that victims of trauma complain of has proven to be nothing short of miraculous. Over the last 25 years of praying for physical and emotional healing, I have prayed numerous prayers that at least in my estimation, availed little. But the last 400 or 500 folks or so that I have ministered this over have experienced relief that has been both instantaneous and up to this point permanent. I am also happy to report that the recipients have experienced some significant results after having been prayed over in groups of 25 to 175 persons.

The Little Book of Trauma Healing: Revised & Updated Carolyn Yoder, 2020-06-02. How do we address trauma, interrupt cycles of violence, and build resilience in a turbulent world of endless wars, nationalism, othering, climate crisis, racism, pandemics, and terrorism? This fully updated edition offers a practical framework, processes, and useful insights. The traumas of our world go beyond individual or one-time events; they are collective, ongoing, and the legacy of historical injustices. How do we stay awake rather than numbing or responding violently? How do we cultivate individual and collective courage and resilience? This Little Book provides a justice- and conflict-informed community approach to addressing trauma in nonviolent, neurobiologically sound ways that interrupt cycles of violence and meet basic human needs for justice and security. In these pages, you'll find the core framework and tools of the internationally acclaimed Strategies for Trauma Awareness and Resilience (STAR) program developed at Eastern Mennonite University's Center for Justice and Peacebuilding in response to 9/11. A startlingly helpful approach.
