Advanced Strategies Fairy Tale Retelling Kids:

Children's Picture Books and Contemporary Egyptian Society Yasmine Motawy, 2025-02-25 A social and political history of two decades of Egyptian neoliberalism through children's picture books published in Egypt in the post 2000 era Children's picture books are some of the most transparently ideological materials available to parents and educators and as cultural objects they are an expression of the zeitgeist of a particular era They reveal much about the hopes values and aspirations of the society that produces them as well as that society's vision of its place in the wider world at large Children's Picture Books and Contemporary Egyptian Society examines a new wave of Egyptian picture books that was published in the current century to see how these books responded to larger societal trends and transformations in Egypt as well as to explore the ideologies that lie behind them Yasmine Motawy argues that a host of factors including the growth of gated communities and international schooling the proliferation of lucrative literary awards returning Gulf migrants television dramas and nationwide reading advocacy initiatives helped give rise to a new kind of children's picture book in Egypt Motawy focuses on three clusters of selected picture books to investigate the extent to which these books reproduce hegemonic discourses or alternatively open up new horizons of childhood agency and societal transformation The first cluster includes books that directly socialize the child by showing them how things are done in both the domestic sphere and the increasing globalized spaces that children frequent with their families The second cluster aims at reframing cultural notions around femininity through the retelling of folk and fairy tales while the third cluster addresses children's abilities to assess the impact of their actions on their environment and invites them to examine their personal suitability to positions of power and stewardship [Resources in Education](#) ,1997 **Debating Disney** Douglas Brode, Shea T. Brode, 2016-06-30 With stakes in film television theme parks and merchandising Disney continues to be one of the most dominant forces of popular culture around the globe Films produced by the studio are usually blockbusters in nearly every country where they are released However despite their box office success these films often generate as much disdain as admiration While appreciated for their visual aesthetics many of these same films are criticized for their cultural insensitivity or lack of historical fidelity In *Debating Disney Pedagogical Perspectives on Commercial Cinema* Douglas Brode and Shea T Brode have assembled a collection of essays that examine Disney's output from the 1930s through the present day Each chapter in this volume represents the conflicting viewpoints of contributors who look at Disney culture from a variety of perspectives Covering both animated and live action films as well as television programs these essays discuss how the studio handles social issues such as race gender and culture as well as its depictions of science and history Though some of the essays in this volume are critical of individual films or television shows they also acknowledge the studio's capacity to engage audiences with the quality of their work These essays encourage readers to draw their own conclusions about Disney productions allowing them to consider the studio as the hero as much as the villain in the cultural deliberation *Debating*

Disney will be of interest to scholars and students of film as well as those with an interest in popular culture

Stages of Literacy Development Lin Carver,2023-01-30 This book provides the theory behind integration of reading and writing throughout the stages of literacy development PK 12 It explores strategies and resources for supporting others as they provide literacy instruction Teachers literacy coaches and district leaders will be a particular focus of the book as they need to be prepared to help their faculty integrate reading and writing in their institutions Each chapter begins with a scenario or example from K 12 to flesh out the ideas presented in the chapter Followed by an anticipation guide the chapter delves into the learner characteristics various genres text characteristics and major concepts encountered during each stage of development This theoretical background is followed by five examples of stage appropriate genre illustrating strategies for integrating reading and writing instruction The chapter concludes with activities readers could engage in to deepen their understanding of the concepts presented

The Intersection of AI and Student Development in Learning Zheng, Robert,2025-12-18 The intersection of artificial intelligence AI and student development in learning represents a transformative shift in education where technology and pedagogy enhance how students acquire knowledge and skills AI driven tools personalize learning experiences adapting to individual student needs and providing real time feedback that empowers learners for academic growth AI also supports social emotional and cognitive development by helping educators identify learning patterns address challenges and create inclusive environments As AI evolves its integration into education optimized learning outcomes and redefines learning and growing in a digital age *The Intersection of AI and Student Development in Learning* explores the impact of AI on new curricula pedagogical development student cognition and educational policy It examines theoretical frameworks to support research and practice in AI related teaching and learning This book covers topics such as instructional design professional development and emotion detection and is a useful resource for educators computer engineers academicians researchers and scientists
